Executive Summary

Key Report Assumptions:

1. Beginning of year balances use a modified accrual basis of accounting.
2. End of year balances require a 60 day accounting window for accrual adjustments.
3. Special Education deficit funding balances are projected.
4. All financial schedules for the quarter are taken from the ledger on a cash basis.
5. School Budget Review Committee consideration for modified supplemental assistance of ELL, asbestos, advance funding and special education are applied and recorded in the amounts approved.

• **The following items address key or significant items in the quarterly operating results and unique events or statistics presented for this quarter and the projected unspent balance schedule.**

A. The District has budgeted all governmental funds based upon projected revenues and disbursements as of June 30, 2016. Expenditures for the PPEL and Capital Projects(SAVE) funds are based upon the expected project costs from the Facilities Master Plan that are funded with prior year reserves or financing from PPEL loan notes or Sales Tax Revenue Bonds

B. The District receives property tax receipts from the County on a monthly basis, based upon the timing of the County's collection in the previous month. FY 2015 tax receipts included two new items (business property tax credit and the commercial and industrial replacement) due to legislative actions from the 2014 session. These revenue sources are now comparative for fiscal years 2015 and 2016. This legislative allocation for FY 2016 is approximately double the prior year. The District's property tax receipts are reasonable to the projected levy amounts and prior year collection trends. (page 7)

C. The revenues for special education tuition, district court placed, transportation aid and Medicaid all vary from the prior year due to the timing of these receipts from other governmental agencies. These receipts will be included with the fiscal year-end accounting adjustments. (pages 8 and 9) Revenues in the SAVE fund include the sale of Sales Tax Revenue bonds of approximately \$65 million in September 2015.

D. General fund expenditures by function have changed from prior years due to the addition of the Teacher Leadership and Compensation program that is primarily expended in the Instructional Support Services function beginning in fiscal year 2016. (page 9)

E. The District has updated the projected Unspent Balance schedule as follows (page 10):

- All FY 15 amounts are based upon amounts certified to the Dept. of Education. FY 2016 amounts are based upon board approved applications that have been submitted and approved by the SBRC. (line 32-36)
- FY 2016 and 2017 amounts for the Controlled Budget are based upon final Aid & Levy reports.
- The Teacher Leadership and Compensation (TLC) program was new to the District for FY 2016. The revenue of \$4,167,399 is in miscellaneous income on line 29 for FY 2016. Beginning for budget year FY2017 the TLC funding becomes part of the school aid formula for controlled district resources and is no longer reflected as a part of line 29. As the TLC funds were not fully expended in FY 2016, an additional budget adjustment is provided on line 49 to reflect the planned expenditures in FY 2017 to expend this carryover.
- The FY 2016 amount for special education deficit is based upon an estimate for current year operations.
- The \$2,826,742 additional costs shown on line 41 for FY2018 reflect primarily the staffing costs to open Liberty High School. The SBRC application for additional spending authority is shown on line 36 of FY2018.
- The \$818,920 additional costs on line 41 for FY2020 and the corresponding allowable growth on line 36 are primarily for the staffing costs for opening of Grant Elementary in August 2019.
- Projections for fiscal periods subsequent to FY 2016 are based upon the Governor's approved budget for FY17 (2.25%) with estimated 2% growth in state supplemental aid for years 2018-2021 and enrollment projections provided by De Jong-Richter adjusted to 75%. These assumptions will be updated and adjusted as legislative action is taken or future reports become available.

F. The opening of Liberty High School in August 2017 and previous board approved attendance area adjustments will impact transportation and curriculum expenditures in the fiscal year ending June 30, 2018. The impact of these expenditures are still being developed and will be included in future unspent balance projections when they become available.

G. Legislation of the 2016 Iowa General Assembly included a delay in the implementation of the requirements for 3rd grade retention and Smarter Balance Assessments. The District has projected costs of \$250,000 and \$400,000, respectively, for these programs. The program costs are provided on lines 46 and 48 for FY18.

Key:
This spreadsheet has been heat mapped where the dark green cells represent the most efficient and lowest cost per student while the dark red represents the least efficient and highest cost per student.

Definitions / Interpretation:

Administration = central admin, board of education, business / HR admin, building principals (Dark Green: A rank of 333 of 338 districts statewide is excellent and one of the lowest cost districts in the state)

Instruction = classroom teachers (Light Green: A rank of 209 of 338 total districts puts us mid pack)

Support staff = attendance, social workers, guidance, health, improvement of instruction, library media (Light Green: a rank of 86 of 338 illustrates significant resource allocations per student)

Operations = physical plant, custodians, building upkeep, utilities (Pink: a rank of 121 of 338 illustrates operational inefficiencies per pupil due to the large number of smaller / older buildings in service)

Transportation = Durham contract (Dark Green: a rank of 292 of 338 puts us as one of the most efficient districts in the state for transportation costs)

General Fund = overall costs (Light Green: a rank of 213 places total general fund spending in the 2nd most efficient quartile of all Iowa schools)
