About This Summary Plan Description

Important Information
This summary plan description describes your rights and responsibilities under your group health plan. You and your covered dependents have the right to request a copy of this summary plan description, at no cost to you, by contacting your employer or group sponsor.

Please note: Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this summary plan description at any time. Any amendment or modification will be in writing and will be as binding as this summary plan description. If your contract is terminated, you may not receive benefits.

You should familiarize yourself with the entire summary plan description because it describes your benefits, payment obligations, provider networks, claim processes, and other rights and responsibilities.

Charts
Some sections have charts, which provide a quick reference or summary but are not a complete description of all details about a topic. A particular chart may not describe some significant factors that would help determine your coverage, payments, or other responsibilities. It is important for you to look up details and not to rely only upon a chart. It is also important to follow any references to other parts of the summary plan description. (References tell you to “see” a section or subject heading, such as, “See Details – Covered and Not Covered.” References may also include a page number.)

Complete Information
Very often, complete information on a subject requires you to consult more than one section of the summary plan description. For instance, most information on coverage will be found in these sections:

- At a Glance – Covered and Not Covered
- Details – Covered and Not Covered
- General Conditions of Coverage, Exclusions, and Limitations

However, coverage might be affected also by your choice of provider (information in the Choosing a Provider section), certain notification requirements if applicable to your group health plan (the Notification Requirements and Care Coordination section), and considerations of eligibility (the Coverage Eligibility and Effective Date section).

Even if a service is listed as covered, benefits might not be available in certain situations, and even if a service is not specifically described as being excluded, it might not be covered.

Read Thoroughly
You can use your group health plan to the best advantage by learning how this document is organized and how sections are related to each other. And whenever you look up a particular topic, follow any references, and read thoroughly.

Your coverage includes many services, treatments, supplies, devices, and drugs. Throughout the summary plan description, the words services or supplies refer to any services, treatments, supplies, devices, or drugs, as applicable in the context, that may be used to diagnose or treat a condition.

1. What You Pay

This section is intended to provide you with an overview of your payment obligations under this group health plan. This section is not intended to be and does not constitute a complete description of your payment obligations. To understand your complete payment obligations you must become familiar with this entire summary plan description, especially the Factors Affecting What You Pay and Choosing a Provider sections.

Provider Network

Under the medical benefits of this plan, your network of providers consists of domestic providers, and PPO and Participating providers. All other providers are Out-of-Network Providers. Which provider type you choose will affect what you pay.

PPO Providers. These providers participate with the Wellmark Blue PPO℠ network or with a Blue Cross and/or Blue Shield PPO network in another state or service area. You typically pay the least for services received from these providers. Throughout this summary plan description we refer to these providers as PPO Providers.

Participating Providers. These providers participate with a Blue Cross and/or Blue Shield network in another state or service area, but not with a PPO network. You typically pay more for services from these providers than for services from PPO Providers. Throughout this summary plan description we refer to these providers as Participating Providers.

Out-of-Network Providers. Out-of-Network Providers do not participate with Wellmark or any other Blue Cross and/or Blue Shield Plan. You typically pay the most for services from these providers.

Provider Types

This medical program gives you the flexibility to go to almost any provider you choose. However, which provider type you choose will affect what you pay.

Domestic Providers. Domestic providers participate with the Wellmark Blue PPO network, except for services received at U of I Hospitals and Clinics. You typically pay the least for services received from these providers.

PPO Providers. PPO Providers participate with the Wellmark Blue PPO network or with other Blue Cross and/or Blue Shield preferred provider organizations. You typically pay more for services from U of I Hospitals and Clinics than for services from domestic providers.

Participating and Out-of-Network Providers. Participating Providers and Out-of-Network Providers are non-PPO. Participating Providers participate with a Blue Cross and/or Blue Shield Plan, but not with a preferred provider organization or your employer’s domestic provider network. Out-of-Network Providers do not participate with a Blue Cross and/or Blue Shield Plan or your employer’s domestic provider network. You typically pay the most for services from these providers.

U of I Hospitals and Clinics. For inpatient and outpatient services for treatment of mental health conditions and chemical dependency, you will be reimbursed as though these services were received from a domestic provider.
## Payment Summary

This chart summarizes your payment responsibilities. It is only intended to provide you with an overview of your payment obligations. It is important that you read this entire section and not just rely on this chart for your payment obligations.

Payment Details

Deductible
This is a fixed dollar amount you pay for covered services in a benefit year before medical benefits become available.

The family deductible amount is reached from amounts accumulated on behalf of any combination of covered family members.

A member will not be required to satisfy more than the single deductible before we make benefit payments for that member.

The PPO deductible and the Participating/Out-of-Network deductible accumulate separately.

Once you meet the deductible, then coinsurance applies.

Deductible amounts you pay during the last three months of a benefit year carry over as credits to meet your deductible for the next benefit year. These credits do not apply toward your out-of-pocket maximum.

Deductible amounts are waived for some services. See Waived Payment Obligations later in this section.

Copayment
This is a fixed dollar amount that you pay each time you receive certain covered services.

Emergency Room Copayment.
The emergency room copayment:

- applies to emergency room services.
- is taken once per facility per date of service.
- is waived if you are admitted as an inpatient of a facility immediately following emergency room services.

Maternity Care Copayment.
The maternity care copayment:

- applies to covered practitioner services for routine maternity care and delivery received from PPO Providers.
- is taken once per delivery.

This copayment applies when your practitioner bills routine maternity care on a “global” or all-inclusive basis following pregnancy diagnosis through delivery. It does not apply to complications or separately billed office visits.

Related facility services for maternity care are subject to deductible and coinsurance and not this copayment.

Office Visit Copayment.
The office visit copayment:

- applies to the office exam only received from PPO practitioners.
- is taken once per practitioner per date of service.

Please note: For purposes of determining your copayment responsibility, PPO Providers are classified by Wellmark as either primary care practitioners or non-primary care practitioners. To determine whether the primary care practitioner copayment or the non-primary care practitioner copayment applies, you should call the Customer Service number on your ID card before receiving any services to determine whether your provider is classified by Wellmark as a primary care practitioner or a non-primary care practitioner for purposes of your copayment responsibility.

How providers are classified in the Wellmark Provider Directory does not determine whether a provider is a primary care practitioner or a non-primary care practitioner for purposes of your copayment responsibility. For example, a provider might be listed under multiple specialties in the provider directory, such as internal medicine and oncology, but would be classified by Wellmark as a primary care practitioner for purposes of your copayment responsibility.
A primary care practitioner is a PPO:

- advanced registered nurse practitioner (ARNP)
- family practitioner
- general practitioner
- internal medicine practitioner
- obstetrician/gynecologist
- pediatrician
- physician assistant (PA)

All other PPO practitioners are non-primary care practitioners. See Choosing a Provider, page 39.

Related office services are subject to deductible and coinsurance and not this copayment.

**Other Copayment.**

The other copayment:

- applies to chiropractic manipulations.
- is taken once per provider per date of service.

**Telehealth Services Copayment.**

The telehealth services copayment:

- applies to covered telehealth services received from PPO practitioners.
- is taken once per practitioner per date of service.

**Please note:** For purposes of determining your copayment responsibility, PPO Providers are classified by Wellmark as either primary care practitioners or non-primary care practitioners. To determine whether the primary care practitioner copayment or the non-primary care practitioner copayment applies, you should call the Customer Service number on your ID card before receiving any services to determine whether your provider is classified by Wellmark as a primary care practitioner or a non-primary care practitioner for purposes of your copayment responsibility.

How providers are classified in the Wellmark Provider Directory does not determine whether a provider is a primary care practitioner or a non-primary care practitioner for purposes of your copayment responsibility. For example, a provider might be listed under multiple specialties in the provider directory, such as internal medicine and oncology, but would be classified by Wellmark as a primary care practitioner for purposes of your copayment responsibility.

A primary care practitioner is a PPO:

- advanced registered nurse practitioner (ARNP)
- family practitioner
- general practitioner
- internal medicine practitioner
- obstetrician/gynecologist
- pediatrician
- physician assistant (PA)

All other PPO practitioners are non-primary care practitioners. See Choosing a Provider, page 39.

**Urgent Care Center Copayment.**

The urgent care center copayment:

- applies to covered urgent care services received from:
  - PPO Providers in Iowa or South Dakota classified by Wellmark as Urgent Care Centers.
  - PPO urgent care facilities or clinics outside of Iowa or South Dakota.
- is taken once per provider per date of service.

**Please note:** If you receive care at a facility in Iowa or South Dakota that is not classified by Wellmark as an Urgent Care Center, you may be responsible for your deductible and coinsurance (as applicable) instead of the urgent care center copayment. Therefore, before receiving any urgent care services, you should determine if the facility is classified by Wellmark as an Urgent Care Center. See the Wellmark Provider Directory at Wellmark.com or call the Customer Service number on your ID card to determine whether a facility is classified by Wellmark as an Urgent Care Center.
Copayment amount(s) are waived for some services. See Waived Payment Obligations later in this section.

**Coinsurance**

Coinsurance is an amount you pay for certain covered services. Coinsurance is calculated by multiplying the fixed percentage(s) shown earlier in this section times Wellmark’s payment arrangement amount. Payment arrangements may differ depending on the contracting status of the provider and/or the state where you receive services. For details, see How Coinsurance is Calculated, page 51. Coinsurance amounts apply after you meet the deductible.

Coinsurance amounts are waived for some services. See Waived Payment Obligations later in this section.

**Out-of-Pocket Maximum**

The out-of-pocket maximum is the maximum amount you pay, out of your pocket, for most covered services in a benefit year. Many amounts you pay for covered services during a benefit year accumulate toward the out-of-pocket maximum. These amounts include:

- Deductible.
- Coinsurance.
- Emergency room copayments.
- Maternity care copayments.
- Office visit copayments.
- Other copayments.
- Telehealth services copayments.
- Urgent care center copayments.

The family out-of-pocket maximum is reached from applicable amounts paid on behalf of any combination of covered family members.

There is an out-of-pocket maximum for services you receive from PPO Providers and Participating Providers. There is also an out-of-pocket maximum for services you receive from Out-of-Network Providers. These out-of-pocket maximums accumulate separately.

However, certain amounts do not apply toward your out-of-pocket maximum.

- Amounts representing any general exclusions and conditions. See General Conditions of Coverage, Exclusions, and Limitations, page 35.
- Difference in cost between the provider’s amount charged and our maximum allowable fee when you receive services from an Out-of-Network Provider. These amounts continue even after you have met your out-of-pocket maximum.

**Benefits Maximums**

Benefits maximums are the maximum benefit amounts that each member is eligible to receive.

Benefits maximums are accumulated from benefits under this medical benefits plan and prior medical benefits plans sponsored by your employer or group sponsor and administered by Wellmark Blue Cross and Blue Shield of Iowa.

**If you have a newborn child, but you do not add that child to your coverage, your newborn child may be added to your coverage solely for the purpose of administering benefits for the newborn during the first 48 hours following a vaginal delivery or 96 hours following a cesarean delivery. If that occurs, a separate deductible and coinsurance may be applied to your newborn child unless your coverage specifically waives the deductible or coinsurance for your newborn child.

2. At a Glance - Covered and Not Covered

Your coverage provides benefits for many services and supplies. There are also services for which this coverage does not provide benefits. The following chart is provided for your convenience as a quick reference only. This chart is not intended to be and does not constitute a complete description of all coverage details and factors that determine whether a service is covered or not. All covered services are subject to the contract terms and conditions contained throughout this summary plan description. Many of these terms and conditions are contained in Details – Covered and Not Covered, page 17. To fully understand which services are covered and which are not, you must become familiar with this entire summary plan description. Please call us if you are unsure whether a particular service is covered or not.

The headings in this chart provide the following information:

**Category.** Service categories are listed alphabetically and are repeated, with additional detailed information, in Details – Covered and Not Covered.

**Covered.** The listed category is generally covered, but some restrictions may apply.

**Not Covered.** The listed category is generally not covered.

**See Page.** This column lists the page number in Details – Covered and Not Covered where there is further information about the category.

**Benefits Maximums.** This column lists maximum benefit amounts that each member is eligible to receive. Benefits maximums that apply per benefit year or per lifetime are reached from benefits accumulated under this group health plan and any prior group health plans sponsored by your employer or group sponsor and administered by Wellmark Blue Cross and Blue Shield of Iowa.

- You are transported to the nearest hospital with adequate facilities to treat your medical condition.
- During transport, your medical condition requires the services that are provided only by an air or ground ambulance that is professionally staffed and specially equipped for taking sick or injured people to or from a health care facility in an emergency.

In an emergency situation, if you cannot reasonably utilize a domestic ambulance service, covered services will be reimbursed as though they were received from a domestic ambulance service. However, because we do not have contracts with Out-of-Network Providers and they may not accept our payment arrangements, you are responsible for any difference between the amount charged and our amount paid for a covered service.

- Professional nonemergency ground ambulance transportation to a hospital or nursing facility in the surrounding area.

4. General Conditions of Coverage, Exclusions, and Limitations

The provisions in this section describe general conditions of coverage and important exclusions and limitations that apply generally to all types of services or supplies.

Conditions of Coverage

Medically Necessary

A key general condition in order for you to receive benefits is that the service, supply, device, or drug must be medically necessary. Even a service, supply, device, or drug listed as otherwise covered in Details - Covered and Not Covered may be excluded if it is not medically necessary in the circumstances. Unless otherwise required by law, Wellmark determines whether a service, supply, device, or drug is medically necessary, and that decision is final and conclusive. Wellmark's medically necessary analysis and determinations apply to any service, supply, device, or drug including, but not limited to, medical, mental health, and chemical dependency treatment, as appropriate. Even though a provider may recommend a service or supply, it may not be medically necessary.

A medically necessary health care service is one that a provider, exercising prudent clinical judgment, provides to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury or disease and its symptoms, and is:

- Provided in accordance with generally accepted standards of medical practice. Generally accepted standards of medical practice are based on:
  - Nationally recognized utilization management standards as utilized by Wellmark; or
  - Credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community; and
- Physician Specialty Society recommendations and the views of physicians practicing in the relevant clinical area.
- Clinically appropriate in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease.
- Not provided primarily for the convenience of the patient, physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.

An alternative service, supply, device, or drug may meet the criteria of medical necessity for a specific condition. If alternatives are substantially equal in clinical effectiveness and use similar therapeutic agents or regimens, we reserve the right to approve the least costly alternative.

If you receive services that are not medically necessary, you are responsible for the cost if:

- You receive the services from an Out-of-Network Provider; or
- You receive the services from a PPO or Participating provider in the Wellmark service area and:
  - The provider informs you in writing before rendering the services that Wellmark determined the services to be not medically necessary; and
  - The provider gives you a written estimate of the cost for such services and you agree in writing, before
receiving the services, to assume the payment responsibility. If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined are not medically necessary, the PPO or Participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from a provider outside of the Wellmark service area that Wellmark determines to be not medically necessary. This is true even if the provider does not give you any written notice before the services are rendered.

**Member Eligibility**
Another general condition of coverage is that the person who receives services must meet requirements for member eligibility. See *Coverage Eligibility and Effective Date*, page 57.

**General Exclusions**
Even if a service, supply, device, or drug is listed as otherwise covered in *Details - Covered and Not Covered*, it is not eligible for benefits if any of the following general exclusions apply.

**Investigational or Experimental**
You are not covered for a service, supply, device, biological product, or drug that is investigational or experimental. You are also not covered for any care or treatments related to the use of a service, supply, device, biological product, or drug that is investigational or experimental. A treatment is considered investigational or experimental when it has progressed to limited human application but has not achieved recognition as being proven effective in clinical medicine. Our analysis of whether a service, supply, device, biological product, or drug is considered investigational or experimental is applied to medical, surgical, mental health, and chemical dependency treatment services, as applicable.

To determine investigational or experimental status, we may refer to the technical criteria established by the Blue Cross Blue Shield Association, including whether a service, supply, device, biological product, or drug meets these criteria:

- It has final approval from the appropriate governmental regulatory bodies.
- The scientific evidence must permit conclusions concerning its effect on health outcomes.
- It improves the net health outcome.
- It is as beneficial as any established alternatives.
- The health improvement is attainable outside the investigational setting.

These criteria are considered by the Blue Cross Blue Shield Association’s Medical Advisory Panel for consideration by all Blue Cross and Blue Shield member organizations. While we may rely on these criteria, the final decision remains at the discretion of our Medical Director, whose decision may include reference to, but is not controlled by, policies or decisions of other Blue Cross and Blue Shield member organizations. You may access our medical policies, with supporting information and selected medical references for a specific service, supply, device, biological product, or drug through our website, Wellmark.com.

If you receive services that are investigational or experimental, you are responsible for the cost if:

- You receive the services from an Out-of-Network Provider; or
- You receive the services from a PPO or Participating provider in the Wellmark service area and:
  - The provider informs you in writing before rendering the services that Wellmark determined the services to
be investigational or experimental; and
— The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.
If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined to be investigational or experimental, the PPO or Participating provider is responsible for these amounts.

■ You are also responsible for the cost if you receive services from a provider outside of the Wellmark service area that Wellmark determines to be investigational or experimental. This is true even if the provider does not give you any written notice before the services are rendered.

See Also:
Clinical Trials, page 19.

Complications of a Noncovered Service
You are not covered for a complication resulting from a noncovered service, supply, device, or drug. However, this exclusion does not apply to the treatment of complications resulting from:

■ Smallpox vaccinations when payment for such treatment is not available through workers’ compensation or government-sponsored programs; or
■ A noncovered abortion.

Nonmedical or Administrative Services
You are not covered for telephone consultations, charges for failure to keep scheduled appointments, charges for completion of any form, charges for medical information, recreational therapy and other sensory-type activities, administrative services (such as interpretive services, pre-care assessments, health risk assessments, case management, care coordination, or development of treatment plans) when billed separately, and any services or supplies that are nonmedical.

Provider Is Family Member
You are not covered for a service or supply received from a provider who is in your immediate family (which includes yourself, parent, child, or spouse or domestic partner).

Covered by Other Programs or Laws
You are not covered for a service, supply, device, or drug if:

■ Someone else has the legal obligation to pay for services, has an agreement with you to not submit claims for services or, without this group health plan, you would not be charged.
■ You require services or supplies for an illness or injury sustained while on active military status.

Workers’ Compensation
You are not covered for services or supplies for which we learn or are notified by you, your provider, or our third party contractor that such services or supplies are related to a work related illness or injury, including services or supplies applied toward satisfaction of any deductible under your employer’s workers’ compensation coverage. We will comply with our statutory obligation regarding payment on claims on which workers’ compensation liability is unresolved. You are also not covered for any services or supplies that could have been compensated under workers’ compensation laws if:

■ you did not comply with the legal requirements relating to notice of injury, timely filing of claims, and medical treatment authorization; or
■ you rejected workers’ compensation coverage.

The exclusion for services or supplies related to work related illness or injury does not exclude coverage for such illness or injury if you are exempt from coverage under Iowa’s workers compensation
statutes pursuant to Iowa Code Section 85.1 (1)-(4), unless you or your employer has elected or assumed workers’ compensation coverage as provided in Iowa Code Section 85.1(6).

For treatment of complications resulting from smallpox vaccinations, see Complications of a Noncovered Service earlier in this section.

**Benefit Limitations**

Benefit limitations refer to amounts for which you are responsible under this group health plan. These amounts are not credited toward your out-of-pocket maximum. In addition to the exclusions and conditions described earlier, the following are examples of benefit limitations under this group health plan:

- A service or supply that is not covered under this group health plan is your responsibility.
- If a covered service or supply reaches a benefits maximum, it is no longer eligible for benefits. (A maximum may renew at the next benefit year.) See Details – Covered and Not Covered, page 17.
- If you receive benefits that reach a lifetime benefits maximum applicable to any specific service, then you are no longer eligible for benefits for that service under this group health plan. See Benefits Maximums, page 8, and At a Glance–Covered and Not Covered, page 13.
- If you do not obtain precertification for certain medical services, benefits can be reduced or denied. You are responsible for benefit reductions if you receive the services from an Out-of-Network Provider. You are responsible for benefit denials only if you are responsible (not your provider) for notification. A PPO Provider in Iowa or South Dakota will handle notification requirements for you. If you see a PPO Provider outside Iowa or South Dakota, you are responsible for notification requirements. See Notification Requirements and Care Coordination, page 45.
- If you do not obtain prior approval for certain medical services, benefits will be denied on the basis that you did not obtain prior approval. Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the Appeals section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, benefits for that service will be provided according to the terms of your medical benefits.

You are responsible for these benefit denials only if you are responsible (not your provider) for notification. A PPO Provider in Iowa or South Dakota will handle notification requirements for you. If you see a PPO Provider outside Iowa or South Dakota, you are responsible for notification requirements. See Notification Requirements and Care Coordination, page 45.

- The type of provider you choose can affect your benefits and what you pay. See Choosing a Provider, page 39, and Factors Affecting What You Pay, page 51. An example of a charge that depends on the type of provider includes, but is not limited to:
  - Any difference between the provider’s amount charged and our amount paid is your responsibility if you receive services from an Out-of-Network Provider.
5. Choosing a Provider

Provider Network
Under the medical benefits of this plan, your network of providers consists of domestic providers, and PPO and Participating providers. All other providers are Out-of-Network Providers.

It relies on a preferred provider organization (PPO) network and a domestic provider network. The PPO network consists of providers that participate directly with the Wellmark Blue PPO network and providers that participate with other Blue Cross and/or Blue Shield preferred provider organizations (PPOs). The domestic network consists of providers that participate directly with your employer’s domestic provider network and also participate with the Wellmark Blue PPO network.

Non-PPO providers are either Participating or Out-of-Network. If you are unable to utilize a PPO Provider, it is usually to your advantage to visit what we call a Participating Provider. Participating Providers participate with a Blue Cross and/or Blue Shield Plan in another state or service area, but not with a PPO.

Other providers are considered Out-of-Network, and you will usually pay the most for services you receive from them.

Note, however that when you receive services from certain types of Participating and Out-of-Network providers, those services will be reimbursed as though they were received from a PPO Provider. These providers are:
- Anesthesiologists;
- Pathologists; and
- Radiologists.

However, because we do not have contracts with Out-of-Network Providers and they may not accept our payment arrangements, you will still be responsible for any difference between the billed charge and our settlement amount.

To determine if a provider participates with this medical benefits plan, ask your provider, refer to our online provider directory at Wellmark.com, or call the Customer Service number on your ID card. Our provider directory is also available upon request by calling the Customer Service number on your ID card.

To determine if a provider is part of your employer’s domestic network, ask your provider or ask your employer.

Providers are independent contractors and are not agents or employees of Wellmark Blue Cross and Blue Shield of Iowa. For types of providers that may be covered under your medical benefits, see Hospitals and Facilities, page 24 and Physicians and Practitioners, page 28.

Please note: Even if a specific provider type is not listed as a recognized provider type, Wellmark does not discriminate against a licensed health care provider acting within the scope of his or her state license or certification with respect to coverage under this plan.

Please note: Even though a facility may be PPO or Participating, particular providers within the facility may not be PPO or Participating providers. Examples include Out-of-Network physicians on the staff of a PPO or Participating hospital, home medical equipment suppliers, and other independent providers. Therefore, when you are referred by a PPO or Participating provider to another provider, or when you are admitted into a facility, always ask if the providers contract with a Blue Cross and/or Blue Shield Plan.

Always carry your ID card and present it when you receive services. Information on
Choosing a Provider

it, especially the ID number, is required to process your claims correctly.

Pharmacies that contract with our pharmacy benefits manager are considered Participating Providers. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers. To determine if a pharmacy contracts with our pharmacy benefits manager, ask the pharmacist, consult the directory of participating pharmacies on our website at Wellmark.com, or call the Customer Service number on your ID card.

Blue Distinction Centers
Blue Distinction Centers (BDC) met overall quality measures, developed with input from the medical community. A local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers’ need for affordable healthcare. Each provider’s cost of care is evaluated using data from its local Blue Plan. Providers in California, Idaho, New York, Pennsylvania, and Washington may lie in two local Blue Plans’ areas, resulting in two evaluations for cost of care; and their own local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. National criteria for BDC and BDC+ are displayed on www.bcbs.com. Individual outcomes may vary. For details on a provider’s in-network status or your own coverage, contact your local Blue Plan and ask your provider before making an appointment. Neither Blue Cross and Blue Shield Association nor any Blue Plans are responsible for noncovered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers.

Services Outside the Plan Service Area

BlueCard Program
This program ensures that members of any Blue Plan have access to the advantages of PPO Providers throughout the United States. Participating Providers have a contractual agreement with the Blue Cross or Blue Shield Plan in their home state (“Host Blue”). The Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.

The BlueCard Program is one of the advantages of your coverage with Wellmark Blue Cross and Blue Shield of Iowa. It provides conveniences and benefits outside the Wellmark service area similar to those you would have within our service area when you obtain covered medical services from a PPO Provider. Always carry your ID card (or BlueCard) and present it to your
Choosing a Provider

When you receive care. Information on it, especially the ID number, is required to process your claims correctly.

PPO Providers may not be available in some states. In this case, when you receive covered services from a non-PPO provider (i.e., a Participating or Out-of-Network provider), you will receive many of the same advantages as when you receive covered services from a PPO Provider. However, because we do not have contracts with Out-of-Network Providers and they may not accept our payment arrangements, you are responsible for any difference between the amount charged and our amount paid for a covered service.

PPO Providers contract with the Blue Cross and/or Blue Shield preferred provider organization (PPO) in their home state.

When you receive covered services from PPO or Participating providers outside the Wellmark service area, all of the following statements are true:

- Claims are filed for you.
- These providers agree to accept payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These payment arrangements may result in savings.
- The group health plan payment is sent directly to the providers.
- Wellmark requires claims to be filed within 180 days following the date of service. However, if the PPO or Participating provider’s contract with the Host Blue has a requirement that a claim be filed in a timeframe exceeding 180 days following the date of service, Wellmark will process the claim according to the Host Blue’s contractual filing requirement. If you receive services from an Out-of-Network Provider, the claim has to be filed within 180 days following the date of service.

Typically, when you receive covered services from PPO or Participating providers outside the Wellmark service area, you are responsible for notification requirements. See Notification Requirements and Care Coordination, page 45. However, if you are admitted to a BlueCard facility outside the Wellmark service area, any PPO or Participating provider should handle notification requirements for you.

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the Wellmark service area, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described in the following paragraphs.

When you receive care outside of our service area, you will receive it from one of two kinds of providers. Most providers (“Participating Providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“Out-of-Network Providers”) don’t contract with the Host Blue. In the following paragraphs we explain how we pay both kinds of providers.

**Inter-Plan Arrangements Eligibility – Claim Types**

All claim types are eligible to be processed through Inter-Plan Arrangements, as described previously, except for all dental care benefits (except when paid as medical benefits), and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by us to provide the specific service or services.

**BlueCard® Program**

Under the BlueCard® Program, when you receive covered services within the geographic area served by a Host Blue, we will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and
Choosing a Provider

generally handling all interactions with its Participating Providers.

When you receive covered services outside Wellmark’s service area and the claim is processed through the BlueCard Program, the amount you pay for covered services is calculated based on the lower of:

- The billed charges for covered services;
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted previously. However, such adjustments will not affect the price we have used for your claim because they will not be applied after a claim has already been paid.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee that applies to insured accounts. If applicable, we will include any such surcharge, tax, or other fee as part of the claim charge passed on to you.

Out-of-Network Providers Outside the Wellmark Service Area

Your Liability Calculation. When covered services are provided outside of our service area by Out-of-Network Providers, the amount you pay for such services will normally be based on either the Host Blue’s Out-of-Network Provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be responsible for the difference between the amount that the Out-of-Network Provider bills and the payment we will make for the covered services as set forth in this SPD. Federal or state law, as applicable, will govern payments for Out-of-Network emergency services.

In certain situations, we may use other payment methods, such as billed charges for covered services, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount we will pay for services provided by Out-of-Network Providers. In these situations, you may be liable for the difference between the amount that the Out-of-Network Provider bills and the payment we will make for the covered services as set forth in this SPD.

Care in a Foreign Country

For covered services you receive in a country other than the United States, payment level assumes the provider category is Out-of-Network except for services received from providers that participate with Blue Cross Blue Shield Global Core.

Blue Cross Blue Shield Global® Core Program

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard service area”), you may be able to take advantage of the Blue Cross Blue Shield Global Core Program when accessing covered services. The Blue Cross Blue Shield Global Core Program is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core Program assists you with accessing a network of inpatient, outpatient, and
Choosing a Provider

Professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the Blue Cross Blue Shield Global Core Service Center at 800-810-BLUE (2583) or call collect at 804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

Inpatient Services. In most cases, if you contact the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the Blue Cross Blue Shield Global Core Service Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered services. You must contact us to obtain precertification for non-emergency inpatient services.

Outpatient Services. Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered services. See Claims, page 75.

Submitting a Blue Cross Blue Shield Global Core Claim
When you pay for covered services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the claim form with the provider’s itemized bill(s) to the Blue Cross Blue Shield Global Core Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from us, the Blue Cross Blue Shield Global Core Service Center, or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the Blue Cross Blue Shield Global Core Service Center at 800-810-BLUE (2583) or call collect at 804-673-1177, 24 hours a day, seven days a week.

Whenever possible, before receiving services outside the Wellmark service area, you should ask the provider if he or she participates with a Blue Cross and/or Blue Shield Plan in that state. To locate PPO Providers in any state, call 800-810-BLUE, or visit www.bcbs.com.

Iowa and South Dakota comprise the Wellmark service area.

Laboratory services. You may have laboratory specimens or samples collected by a PPO Provider and those laboratory specimens may be sent to another laboratory services provider for processing or testing. If that laboratory services provider does not have a contractual relationship with the Blue Plan where the specimen was drawn,* that provider will be considered an Out-of-Network Provider and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

*Where the specimen is drawn will be determined by which state the referring provider is located.

the equipment, that provider will be considered an Out-of-Network Provider and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

If you purchase or rent home/durable medical equipment and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the home/durable medical equipment provider, that provider will be considered Out-of-Network and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service. This includes situations where you purchase or rent home/durable medical equipment and have the equipment shipped to you in Wellmark’s service area, when Wellmark does not have a contractual relationship with the home/durable medical equipment provider.

**Prosthetic devices.** If you purchase prosthetic devices from a provider that does not have a contractual relationship with the Blue Plan where you purchased the prosthetic devices, that provider will be considered an Out-of-Network Provider and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

If you purchase prosthetic devices and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the provider, that provider will be considered Out-of-Network and you will be responsible for any applicable Out-of-Network Provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

This includes situations where you purchase prosthetic devices and have them shipped to you in Wellmark’s service area, when Wellmark does not have a contractual relationship with the provider.

**Talk to your provider.** Whenever possible, before receiving laboratory services, home/durable medical equipment, or prosthetic devices, ask your provider to utilize a provider that has a contractual arrangement with the Blue Plan where you received services, purchased or rented equipment, or shipped equipment, or ask your provider to utilize a provider that has a contractual arrangement with Wellmark.

To determine if a provider has a contractual arrangement with a particular Blue Plan or with Wellmark, call the Customer Service number on your ID card or visit our website, Wellmark.com.

See *Out-of-Network Providers*, page 53.
6. Notification Requirements and Care Coordination

Many services including, but not limited to, medical, surgical, mental health, and chemical dependency treatment services, require a notification to us or a review by us. If you do not follow notification requirements properly, you may have to pay for services yourself, so the information in this section is critical. For a complete list of services subject to notification or review, visit Wellmark.com or call the Customer Service number on your ID card.

Providers and Notification Requirements
PPO or Participating providers in Iowa and South Dakota should handle notification requirements for you. If you are admitted to a PPO or Participating facility outside Iowa or South Dakota, the PPO or Participating provider should handle notification requirements for you.

If you receive any other covered services (i.e., services unrelated to an inpatient admission) from a PPO or Participating provider outside Iowa or South Dakota, or if you see an Out-of-Network Provider, you or someone acting on your behalf is responsible for notification requirements.

More than one of the notification requirements and care coordination programs described in this section may apply to a service. Any notification or care coordination decision is based on the medical benefits in effect at the time of your request. If your coverage changes for any reason, you may be required to repeat the notification process.

You or your authorized representative, if you have designated one, may appeal a denial or reduction of benefits resulting from these notification requirements and care coordination programs. See Appeals, page 85. Also see Authorized Representative, page 93.

Precertification

<table>
<thead>
<tr>
<th>Purpose</th>
<th>Precertification helps determine whether a service or admission to a facility is medically necessary. Precertification is required; however, it does not apply to maternity or emergency services.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Applies to</td>
<td>For a complete list of the services subject to precertification, visit Wellmark.com or call the Customer Service number on your ID card.</td>
</tr>
</tbody>
</table>
| Person Responsible for Obtaining Precertification | You or someone acting on your behalf is responsible for obtaining precertification if:  
- You receive services subject to precertification from an Out-of-Network Provider; or  
- You receive non-inpatient services subject to precertification from a PPO or Participating provider outside Iowa or South Dakota;  
Your Provider should obtain precertification for you if:  
- You receive services subject to precertification from a PPO Provider in Iowa or South Dakota; or  
- You receive inpatient services subject to precertification from a PPO or Participating provider outside Iowa or South Dakota. |
| Please note: | If you are ever in doubt whether precertification has been obtained, call the Customer Service number on your ID card. |
### Process

When you, instead of your provider, are responsible for precertification, call the phone number on your ID card before receiving services.

Wellmark will respond to a precertification request within:

- 72 hours in a medically urgent situation;
- 15 days in a non-medically urgent situation.

Precertification requests must include supporting clinical information to determine medical necessity of the service or admission.

After you receive the service(s), Wellmark may review the related medical records to confirm the records document the services subject to the approved precertification request. The medical records also must support the level of service billed and document that the services have been provided by the appropriate personnel with the appropriate level of supervision.

### Importance

If you choose to receive services subject to precertification, you will be responsible for the charges as follows:

- If you receive services subject to precertification from an Out-of-Network Provider and we determine that the procedure was not medically necessary you will be responsible for the full charge.
- If you are admitted to a PPO or Participating inpatient facility, the provider, not you, will be responsible for any reduction for failure to complete the precertification process. **Please note:** It is important that you are aware of precertification requirements to help ensure that they are met.
- If you receive the services from an Out-of-Network Provider and we determine the procedure is medically necessary and otherwise covered, without precertification, benefits can be reduced by 50% of the maximum allowable fee, after which we subtract your applicable payment obligations. The maximum reduction will not exceed $500 per admission. This reduction maximum does not apply to home health services. See *Maximum Allowable Fee*, page 53. You are subject to this benefit reduction only if you receive the services from an Out-of-Network Provider.

Reduced or denied benefits that result from failure to follow notification requirements are not credited toward your out-of-pocket maximum. See *What You Pay*, page 3.

### Notification

**Purpose**

Notification of most facility admissions and certain services helps us identify and initiate discharge planning or care coordination. Notification is required.

**Applies to**

For a complete list of the services subject to notification, visit *Wellmark.com* or call the Customer Service number on your ID card.
Notification Requirements and Care Coordination

Person Responsible

PPO Providers in the states of Iowa and South Dakota perform notification for you. However, you or someone acting on your behalf is responsible for notification if:

- You receive services subject to notification from a provider outside Iowa or South Dakota;
- You receive services subject to notification from a Participating or Out-of-Network provider.

Process

When you, instead of your provider, are responsible for notification, call the phone number on your ID card before receiving services, except when you are unable to do so due to a medical emergency. In the case of an emergency admission, you must notify us within one business day of the admission or the receipt of services or as soon as reasonably possible thereafter.

Prior Approval

Purpose

Prior approval helps determine whether a proposed treatment plan is medically necessary and a benefit under your medical benefits. Prior approval is required.

Applies to

For a complete list of the services subject to prior approval, visit Wellmark.com or call the Customer Service number on your ID card.

Person Responsible for Obtaining Prior Approval

You or someone acting on your behalf is responsible for obtaining prior approval if:

- You receive services subject to prior approval from an Out-of-Network Provider; or
- You receive non-inpatient services subject to prior approval from a PPO or Participating provider outside Iowa or South Dakota.

Your Provider should obtain prior approval for you if:

- You receive services subject to prior approval from a PPO Provider in Iowa or South Dakota; or
- You receive inpatient services subject to prior approval from a PPO or Participating provider outside Iowa or South Dakota.

Please note: If you are ever in doubt whether prior approval has been obtained, call the Customer Service number on your ID card.

Process

When you, instead of your provider, are responsible for requesting prior approval, call the number on your ID card to obtain a prior approval form and ask the provider to help you complete the form.

Wellmark will determine whether the requested service is medically necessary and eligible for benefits based on the written information submitted to us. We will respond to a prior approval request in writing to you and your provider within:

- 72 hours in a medically urgent situation.
- 15 days in a non-medically urgent situation.

Prior approval requests must include supporting clinical information to determine medical necessity of the services or supplies.
Notification Requirements and Care Coordination

**Importance**

If your request is approved, the service is covered provided other contractual requirements, such as member eligibility and benefits maximums, are observed. If your request is denied, the service is not covered, and you will receive a notice with the reasons for denial.

If you do not request prior approval for a service, the benefit for that service will be denied on the basis that you did not request prior approval.

Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the Appeals section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, the benefit for that service will be provided according to the terms of your medical benefits.

Approved services are eligible for benefits for a limited time. Approval is based on the medical benefits in effect and the information we had as of the approval date. If your coverage changes for any reason (for example, because of a new job or new medical benefits), an approval may not be valid. If your coverage changes before the approved service is performed, a new approval is recommended.

**Note:** When prior approval is required, and an admission to a facility is required for that service, the admission also may be subject to notification or precertification. See Precertification and Notification earlier in this section.

---

**Concurrent Review**

**Purpose**

Concurrent review is a utilization review conducted during a member's facility stay or course of treatment at home or in a facility setting to determine whether the place or level of service is medically necessary. This care coordination program occurs without any notification required from you.

**Applies to**

For a complete list of the services subject to concurrent review, visit Wellmark.com or call the Customer Service number on your ID card.

**Person Responsible**

Wellmark

**Process**

Wellmark may review your case to determine whether your current level of care is medically necessary.

Responses to Wellmark's concurrent review requests must include supporting clinical information to determine medical necessity as a condition of your coverage.

**Importance**

Wellmark may require a change in the level or place of service in order to continue providing benefits. If we determine that your current facility setting or level of care is no longer medically necessary, we will notify you, your attending physician, and the facility or agency at least 24 hours before your benefits for these services end.

| **Applies to** | A wide group of members including those who have experienced potentially preventable emergency room visits; hospital admissions/readmissions; those with catastrophic or high cost health care needs; those with potential long term illnesses; and those newly diagnosed with health conditions requiring lifetime management. Examples where case management might be appropriate include but are not limited to:  
- Brain or Spinal Cord Injuries  
- Cystic Fibrosis  
- Degenerative Muscle Disorders  
- Hemophilia  
- Pregnancy (high risk)  
- Transplants |
| **Person Responsible** | You, your physician, and the health care facility can work with Wellmark’s case managers. Wellmark may initiate a request for case management. |
| **Process** | Members are identified and referred to the Case Management program through Customer Service and claims information, referrals from providers or family members, and self-referrals from members. |
| **Importance** | Case management is intended to identify and coordinate appropriate care and care alternatives including reviewing medical necessity; negotiating care and services; identifying barriers to care including contract limitations and evaluation of solutions outside the group health plan; assisting the member and family to identify appropriate community-based resources or government programs; and assisting members in the transition of care when there is a change in coverage. |
7. Factors Affecting What You Pay

How much you pay for covered services is affected by many different factors discussed in this section.

**Benefit Year**
A benefit year is a period of 12 consecutive months beginning on January 1 or beginning on the day your coverage goes into effect. The benefit year starts over each January 1. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during the year or you change to a different plan offering mid-benefit year from your same employer or group sponsor.

Certain coverage changes result in your Wellmark identification number changing. In some cases, a new benefit year will start under the new ID number for the rest of the benefit year. In this case, the benefit year would be less than a full 12 months. In other cases (e.g., adding your spouse to your coverage) the benefit year would continue and not start over.

If you are an inpatient in a covered facility on the date of your annual benefit year renewal, your benefit limitations and payment obligations, including your deductible and out-of-pocket maximum, for facility services will renew and will be based on the benefit limitations and payment obligation amounts in effect on the date you were admitted. However, your payment obligations, including your deductible and out-of-pocket maximum, for practitioner services will be based on the payment obligation amounts in effect on the day you receive services.

The benefit year is important for calculating:
- Deductible.
- Coinsurance.
- Out-of-pocket maximum.
- Benefits maximum.

**How Coinsurance is Calculated**
The amount on which coinsurance is calculated depends on the state where you receive a covered service and the contracting status of the provider.

**PPO Providers in the Wellmark Service Area and Out-of-Network Providers**
Coinsurance is calculated using the payment arrangement amount after the following amounts (if applicable) are subtracted from it:
- Deductible.
- Certain copayments.
- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 35.

**PPO and Participating Providers Outside the Wellmark Service Area**
The coinsurance for covered services is calculated on the lower of:
- The amount charged for the covered service, or
- The negotiated price that the Host Blue makes available to Wellmark after the following amounts (if applicable) are subtracted from it:
  - Deductible.
  - Certain copayments.
  - Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 35.

Often, the negotiated price will be a simple discount that reflects an actual price the local Host Blue paid to your provider. Sometimes, the negotiated price is an
estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, the negotiated price may be an average price based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price. Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or under-estimation of modifications of past pricing for the types of transaction modifications noted previously. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Occasionally, claims for services you receive from a provider that participates with a Blue Cross and/or Blue Shield Plan outside of Iowa or South Dakota may need to be processed by Wellmark instead of by the BlueCard Program. In that case, coinsurance is calculated using the payment arrangement amount for covered services after the following amounts (if applicable) are subtracted from it:

- Deductible.
- Certain copayments.
- Amounts representing any general exclusions and conditions. See General Conditions of Coverage, Exclusions, and Limitations, page 35.

Laws in a small number of states may require the Host Blue Plan to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, Wellmark will calculate your payment obligation for any covered services according to applicable law. For more information, see BlueCard Program, page 40.

**Provider Network**

Under the medical benefits of this plan, your network of providers consists of domestic providers, and PPO and Participating providers. All other providers are Out-of-Network Providers.

**PPO Providers**

Blue Cross and Blue Shield Plans have contracting relationships with PPO Providers. When you receive services from PPO Providers:

- The PPO payment obligation amounts may be waived or may be less than the Participating and Out-of-Network amounts for certain covered services. See Waived Payment Obligations, page 9.

- These providers agree to accept Wellmark’s payment arrangements, or payment arrangements or negotiated prices of the Blue Cross and Blue Shield Plan with which the provider contracts. These payment arrangements may result in savings.

- The health plan payment is sent directly to the provider.

**Participating Providers**

Wellmark and Blue Cross and/or Blue Shield Plans have contracting relationships with Participating Providers. Pharmacies that contract with our pharmacy benefits manager are considered Participating Providers. To determine if a pharmacy contracts with our pharmacy benefits manager, ask the pharmacist, consult the directory of participating pharmacies on our website at Wellmark.com, or call the Customer Service number on your ID card. When you receive services from Participating Providers:

- The Participating payment obligation amounts may be waived or may be less than the Out-of-Network amounts for certain covered services. See Waived Payment Obligations, page 9.

- These providers agree to accept Wellmark’s payment arrangements, or payment arrangements or negotiated prices of the Blue Cross and Blue Shield Plan with which the provider contracts.
These payment arrangements may result in savings.

- The health plan payment is sent directly to the provider.

**Out-of-Network Providers**

Wellmark and Blue Cross and/or Blue Shield Plans do not have contracting relationships with Out-of-Network Providers, and they may not accept our payment arrangements. Pharmacies that do not contract with our pharmacy benefits manager are considered Out-of-Network Providers. Therefore, when you receive services from Out-of-Network Providers:

- You are responsible for any difference between the amount charged and our payment for a covered service. In the case of services received outside Iowa or South Dakota, our maximum payment for services by an Out-of-Network Provider will generally be based on either the Host Blue’s Out-of-Network Provider local payment or the pricing arrangements required by applicable state law. In certain situations, we may use other payment bases, such as the amount charged for a covered service, the payment we would make if the services had been obtained within Iowa or South Dakota, or a special negotiated payment, as permitted under Inter-Plan Programs policies, to determine the amount we will pay for services you receive from Out-of-Network Providers. See Services Outside the Wellmark Service Area, page 40.

- Wellmark does not make claim payments directly to these providers. You are responsible for ensuring that your provider is paid in full.

- The group health plan payment for Out-of-Network hospitals, M.D.s, and D.O.s in Iowa is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider (plus any billed balance you may owe).

**Amount Charged and Maximum Allowable Fee**

**Amount Charged**
The amount charged is the amount a provider charges for a service or supply, regardless of whether the services or supplies are covered under your medical benefits.

**Maximum Allowable Fee**
The maximum allowable fee is the amount, established by Wellmark, using various methodologies, for covered services and supplies. Wellmark's amount paid may be based on the lesser of the amount charged for a covered service or supply or the maximum allowable fee.

**Payment Arrangements**

**Payment Arrangement Savings**

Wellmark has contracting relationships with PPO Providers. We use different methods to determine payment arrangements, including negotiated fees. These payment arrangements usually result in savings.

The savings from payment arrangements and other important amounts will appear on your Explanation of Benefits statement as follows:

- **Network Savings**, which reflects the amount you save on a claim by receiving services from a Participating or PPO provider. For the majority of services, the savings reflects the actual amount you save on a claim. However, depending on many factors, the amount we pay a provider could be different from the covered charge. Regardless of the amount we pay a Participating or PPO provider, your payment responsibility will always be based on the lesser of the covered charge or the maximum allowable fee.

- **Amount Not Covered**, which reflects the portion of provider charges not covered under your health benefits and for which you are responsible. This amount may include services or supplies not covered;
amounts in excess of a benefit
maximum, benefit year maximum, or
lifetime benefits maximum; reductions
or denials for failure to follow a required
precertification; and the difference
between the amount charged and the
maximum allowable fee for services
from an Out-of-Network Provider. For
general exclusions and examples of
benefit limitations, see General
Conditions of Coverage, Exclusions, and
Limitations, page 35.

- **Amount Paid by Health Plan**, which
  reflects our payment responsibility to a
  provider or to you. We determine this
  amount by subtracting the following
  amounts (if applicable) from the amount
  charged:
  - Deductible.
  - Coinsurance.
  - Copayment.
  - Amounts representing any general
    exclusions and conditions.
  - Network savings.

**Payment Method for Services**
When you receive a covered service or
services that result in multiple claims, we
will calculate your payment obligations
based on the order in which we process the
claims.

**Provider Payment Arrangements**
Provider payment arrangements are
calculated using industry methods
including, but not limited to, fee schedules,
per diems, percentage of charge, capitation,
or episodes of care. Some provider payment
arrangements may include an amount
payable to the provider based on the
provider’s performance. Performance-based
amounts that are not distributed are not
allocated to your specific group or to your
specific claims and are not considered when
determining any amounts you may owe. We
reserve the right to change the methodology
we use to calculate payment arrangements
based on industry practice or business need.
PPO and Participating providers agree to
accept our payment arrangements as full
settlement for providing covered services,
except to the extent of any amounts you may
owe.

**Wellmark Drug List**
Most prescription drugs are covered under a
separate drug program offered by your
employer, and not under your medical
benefits.

Information about the Wellmark Drug List
and rebates from drug manufacturers
applies only to those drugs (such as
injectable drugs) that may be covered under
your medical benefits.

Often there is more than one medication
available to treat the same medical
condition. The Wellmark Drug List contains
drugs physicians recognize as medically
effective for a wide range of health
conditions.

The Wellmark Drug List was developed with
the assistance of physicians, pharmacists,
and Wellmark’s pharmacy benefits
manager. It is not a required list of
medications and physicians are not limited
to prescribing only the drugs that appear on
the list. Physicians may prescribe any
medication, and that medication will be
covered unless it is specifically excluded
under your medical benefits, or other
limitations apply.

To determine if a drug is on the Wellmark
Drug List, ask your physician, pharmacist,
or visit our website, Wellmark.com.

The Wellmark Drug List is subject to
change.

**Pharmacy Benefits Manager**

**Fees and Drug Company Rebates**
Wellmark contracts with a pharmacy
benefits manager to provide pharmacy
benefits management services. Drug
manufacturers offer rebates to pharmacy
benefits managers. After your group has had
Wellmark health coverage for at least nine
months, the pharmacy benefits manager
contracting with Wellmark will calculate, on a quarterly basis, your group’s use of drugs for which rebates have been paid. Wellmark receives these rebates. Your group will be credited with rebate amounts forwarded to us by the pharmacy benefits manager. We will not distribute these rebate amounts to you, and rebates will not be considered when determining your payment obligations.
8. Coverage Eligibility and Effective Date

Eligible Members
You are eligible for coverage if you meet your employer’s or group sponsor’s eligibility requirements. Your spouse or domestic partner may also be eligible for coverage if spouses or domestic partners are covered under this plan.

If a child is eligible for coverage under the employer’s or group sponsor’s eligibility requirements, the child must have one of the following relationships to the plan member or an enrolled spouse or domestic partner:

- A biological child.
- Legally adopted or placed for adoption (that is, you assume a legal obligation to provide full or partial support and intend to adopt the child).
- A child for whom you have legal guardianship.
- A stepchild.
- A foster child.
- A biological child a court orders to be covered.

A child who has been placed in your home for the purpose of adoption or whom you have adopted is eligible for coverage on the date of placement for adoption or the date of actual adoption, whichever occurs first.

Please note: You must notify us or your employer or group sponsor if you enter into an arrangement to provide surrogate parent services: Contact your employer or group sponsor or call the Customer Service number on your ID card.

In addition, a child must be one of the following:

- Under age 26.
- An unmarried full-time student enrolled in an accredited educational institution. Full-time student status continues during:
  - Regularly-scheduled school vacations; and
  - Medically necessary leaves of absence until the earlier of one year from the first day of leave or the date coverage would otherwise end.
- An unmarried child who is deemed disabled. The disability must have existed before the child turned age 26 or while the child was a full-time student.

Wellmark considers a dependent disabled when he or she meets the following criteria:

- Claimed as a dependent on the employee’s, plan member’s, subscriber’s, policyholder’s, or retiree’s tax return; and
- Enrolled in and receiving Medicare benefits due to disability; or
- Enrolled in and receiving Social Security benefits due to disability.

Documentation will be required.

Enrollment Requirements
Each eligible employee who began work before the effective date of this coverage is eligible to enroll for this coverage on the effective date. New, eligible employees may enroll for coverage on the first of the month following the date of employment (subject to any new employment probationary period your group may have). The application must be received by us no later than 31 days following eligibility.

Please note: In addition to the preceding requirements, eligibility is affected by coverage enrollment events and coverage termination events. See Coverage Change Events, page 61.

Eligibility Requirements
The following are eligibility requirements for participating in this health benefits plan.

Full-time Employees. A full-time employee means an employee who works a
minimum of 30 hours per week. If you are a full-time employee, you are eligible to apply for coverage on your effective date as a full-time employee. See your employer or group sponsor for details.

**Retirees.** You are eligible to continue participating under this health benefits plan if:

- You are covered under this plan at the time you retire with this employer or group sponsor.

**When Coverage Begins**

Coverage begins on the member’s effective date. If you have just started a new job, or if a coverage enrollment event allows you to add a new member, ask your employer or group sponsor about your effective date. Services received before the effective date of coverage are not eligible for benefits.

**Late Enrollees**

A late enrollee is a member who declines coverage when initially eligible to enroll and then later wishes to enroll for coverage. However, a member is not a late enrollee if a qualifying enrollment event allows enrollment as a special enrollee, even if the enrollment event coincides with a late enrollment opportunity. See Coverage Change Events, page 61.

A late enrollee may enroll for coverage at the group’s next renewal or enrollment period.

**Changes to Information Related to You or to Your Benefits**

Wellmark may, from time to time, permit changes to information relating to you or to your benefits. In such situations, Wellmark shall not be required to reprocess claims as a result of any such changes.

**Qualified Medical Child Support Order**

If you have a dependent child and you or your spouse’s employer or group sponsor receives a Medical Child Support Order recognizing the child’s right to enroll in this group health plan or in your spouse’s benefits plan, the employer or group sponsor will promptly notify you or your spouse and the dependent that the order has been received. The employer or group sponsor also will inform you or your spouse and the dependent of its procedures for determining whether the order is a Qualified Medical Child Support Order (QMCSO). Participants and beneficiaries can obtain, without charge, a copy of such procedures from the plan administrator.

A QMCSO specifies information such as:

- Your name and last known mailing address.
- The name and mailing address of the dependent specified in the court order.
- A reasonable description of the type of coverage to be provided to the dependent or the manner in which the type of coverage will be determined.
- The period to which the order applies.

A Qualified Medical Child Support Order cannot require that a benefits plan provide any type or form of benefit or option not otherwise provided under the plan, except as necessary to meet requirements of Iowa Code Chapter 252E (2001) or Social Security Act Section 1908 with respect to group health plans.

The order and the notice given by the employer or group sponsor will provide additional information, including actions that you and the appropriate insurer must take to determine the dependent’s eligibility and procedures for enrollment in the benefits plan, which must be done within specified time limits.

If eligible, the dependent will have the same coverage as you or your spouse and will be allowed to enroll immediately. You or your spouse’s employer or group sponsor will withhold any applicable share of the cost of the dependent’s health care coverage from your compensation and forward this amount to us.
If you are subject to a waiting period that expires more than 90 days after we receive the QMCSO, your employer or group sponsor must notify us when you become eligible for enrollment. Enrollment of the dependent will commence after you have satisfied the waiting period.

The dependent may designate another person, such as a custodial parent or legal guardian, to receive copies of explanations of benefits, checks, and other materials.

Your employer or group sponsor may not revoke enrollment or eliminate coverage for a dependent unless the employer or group sponsor receives satisfactory written evidence that:

- The court or administrative order requiring coverage in a group health plan is no longer in effect;
- The dependent’s eligibility for or enrollment in a comparable benefits plan that takes effect on or before the date the dependent’s enrollment in this group health plan terminates; or
- The employer eliminates dependent health coverage for all employees.

The employer or group sponsor is not required to maintain the dependent’s coverage if:

- You or your spouse no longer pay the cost of coverage because the employer or group sponsor no longer owes compensation; or
- You or your spouse have terminated employment with the employer and have not elected to continue coverage.

**Family and Medical Leave Act of 1993**

The Family and Medical Leave Act of 1993 (FMLA), requires a covered employer to allow an employee with 12 months or more of service who has worked for 1,250 hours over the previous 12 months and who is employed at a worksite where 50 or more employees are employed by the employer within 75 miles of that worksite a total of 12 weeks of leave per fiscal year for the birth of a child, placement of a child with the employee for adoption or foster care, care for the spouse, child or parent of the employee if the individual has a serious health condition or because of a serious health condition, the employee is unable to perform any one of the essential functions of the employee’s regular position. In addition, FMLA requires an employer to allow eligible employees to take up to 12 weeks of leave per 12-month period for qualifying exigencies arising out of a covered family member’s active military duty in support of a contingency operation and to take up to 26 weeks of leave during a single 12-month period to care for a covered family member recovering from a serious illness or injury incurred in the line of duty during active service.

Any employee taking a leave under the FMLA shall be entitled to continue the employee’s benefits during the duration of the leave. The employer must continue the benefits at the level and under the conditions of coverage that would have been provided if the employee had remained employed. **Please note:** The employee is still responsible for paying their share of the premium if applicable. If the employee for any reason fails to return from the leave, the employer may recover from the employee that premium or portion of the premium that the employer paid, provided the employee fails to return to work for any reason other than the reoccurrence of the serious health condition or circumstances beyond the control of the employee.

Leave taken under the FMLA does not constitute a qualifying event so as to trigger COBRA rights. However, a qualifying event triggering COBRA coverage may occur when it becomes known that the employee is not returning to work. Therefore, if an employee does not return at the end of the approved period of Family and Medical Leave and terminates employment with employer, the COBRA qualifying event occurs at that time.
If you have any questions regarding your eligibility or obligations under the FMLA, contact your employer or group sponsor.
9. Coverage Changes and Termination

Certain events may require or allow you to add or remove persons who are covered by this group health plan.

Coverage Change Events

Coverage Enrollment Events: The following events allow you or your eligible child to enroll for coverage. The following events may also allow your spouse or domestic partner to enroll for coverage if spouses or domestic partners are eligible for coverage under this plan. If your employer or group sponsor offers more than one group health plan, the event also allows you to move from one plan option to another.

- Birth, adoption, or placement for adoption by an approved agency.
- Marriage.
- Exhaustion of COBRA coverage.
- You or your eligible spouse or your dependent loses eligibility for creditable coverage or his or her employer or group sponsor ceases contribution to creditable coverage.
- Spouse (if eligible for coverage) loses coverage through his or her employer.
- You lose eligibility for coverage under Medicaid or the Children’s Health Insurance Program (CHIP) (the hawk-i plan in Iowa).
- You become eligible for premium assistance under Medicaid or CHIP.

The following events allow you to add only the new dependent resulting from the event:

- Dependent child resumes status as a full-time student.
- Addition of a biological child by court order. See Qualified Medical Child Support Order, page 58.
- Appointment as a child’s legal guardian.
- Placement of a foster child in your home by an approved agency.

Coverage Removal Events: The following events require you to remove the affected family member from your coverage:

- Death.
- Divorce or annulment (if spouses are eligible for coverage under this plan). Legal separation, also, may result in removal from coverage. If you become legally separated, notify your employer or group sponsor.
- Medicare eligibility. If you become eligible for Medicare, you must notify your employer or group sponsor immediately. If you are eligible for this group health plan other than as a current employee or a current employee’s spouse (if spouses are eligible for coverage under this plan), your Medicare eligibility may terminate this coverage.

In case of the following coverage removal events, the affected child’s coverage may be continued until the end of the month on or after the date of the event:

- Completion of full-time schooling if the child is age 26 or older.
- Child who is not a full-time student or deemed disabled reaches age 26.
- Marriage of a child age 26 or older.

Reinstatement of Child

Reinstatement Events. A child up to age 26 who was removed from coverage may be reinstated on his or her parent’s existing coverage under any of the following conditions:

- Involuntary loss of creditable coverage (including, but not limited to, group or hawk-i coverage).
- Loss of creditable coverage due to:
  - Termination of employment or eligibility.
  - Death of spouse.
  - Divorce.
- Court ordered coverage for spouse or minor children under the parent’s health insurance.
- Exhaustion of COBRA or Iowa continuation coverage.
- The plan member is employed by an employer that offers multiple health plans and elects a different plan during an open enrollment period.
- A change in status in which the employee becomes eligible to enroll in this group health plan and requests enrollment. See Coverage Enrollment Events earlier in this section.

Reinstatement Requirements. A request for reinstated coverage for a child up to age 26 must be made within 31 days of the reinstatement event. In addition, the following requirements must be met:
- The child must have been covered under the parent’s current coverage at the time the child left that coverage to enroll in other creditable coverage.
- The parent’s coverage must be currently in effect and continuously in effect during the time the child was enrolled in other creditable coverage.

Requirement to Notify Group Sponsor
You must notify your employer or group sponsor of an event that changes the coverage status of members. Notify your employer or group sponsor within 60 days in case of the following events:
- A birth, adoption, or placement for adoption.
- Divorce, legal separation, or annulment.
- Your dependent child loses eligibility for coverage.
- You lose eligibility for coverage under Medicaid or the Children’s Health Insurance Program (CHIP) (the hawk-i plan in Iowa).
- You become eligible for premium assistance under Medicaid or CHIP.

For all other events, you must notify your employer or group sponsor within 60 days of the event.

If you do not provide timely notification of an event that requires you to remove an affected family member, your coverage may be terminated.

If you do not provide timely notification of a coverage enrollment event, the affected person may not enroll until an annual group enrollment period.

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)
Your group health plan will fully comply with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). If any part of the plan conflicts with USERRA, the conflicting provision will not apply. All other benefits and exclusions of the group health plan will remain effective to the extent there is no conflict with USERRA.

USERRA provides for, among other employment rights and benefits, continuation of health care coverage to a covered employee and the employee’s covered dependents during a period of the employee’s active service or training with any of the uniformed services. The plan provides that a covered employee may elect to continue coverages in effect at the time the employee is called to active service. The maximum period of coverage for an employee and the covered employee’s dependents under such an election shall be the lesser of:
- The 24-month period beginning on the date on which the covered employee’s absence begins; or
- The period beginning on the date on which the covered employee’s absence begins and ending on the day after the date on which the covered employee fails to apply for or return to a position of employment as follows:

- The 24-month period beginning on the date on which the covered employee’s absence begins; or
- The period beginning on the date on which the covered employee’s absence begins and ending on the day after the date on which the covered employee fails to apply for or return to a position of employment as follows:
Coverage Changes and Termination

— For service of less than 31 days, no later than the beginning of the first full regularly scheduled work period on the first full calendar day following the completion of the period of service and the expiration of eight hours after a period allowing for the safe transportation from the place of service to the covered employee's residence or as soon as reasonably possible after such eight hour period;

— For service of more than 30 days but less than 181 days, no later than 14 days after the completion of the period of service or as soon as reasonably possible after such period;

— For service of more than 180 days, no later than 90 days after the completion of the period of service; or

— For a covered employee who is hospitalized or convalescing from an illness or injury incurred in or aggravated during the performance of service in the uniformed services, at the end of the period that is necessary for the covered employee to recover from the illness or injury. The period of recovery may not exceed two (2) years.

A covered employee who elects to continue health plan coverage under the plan during a period of active service in the uniformed services may be required to pay no more than 102% of the full premium under the plan associated with the coverage for the employer’s other employees. This is true except in the case of a covered employee who performs service in the uniformed services for less than 31 days. When this is the case, the covered employee may not be required to pay more than the employee’s share, if any, for the coverage. Continuation coverage cannot be discontinued merely because activated military personnel receive health coverage as active duty members of the uniformed services and their family members are eligible to receive coverage under the TRICARE program (formerly CHAMPUS).

When a covered employee's coverage under a health plan was terminated by reason of service in the uniformed services, the preexisting condition exclusion and waiting period may not be imposed in connection with the reinstatement of the coverage upon reemployment under USERRA. This applies to a covered employee who is reemployed and any dependent whose coverage is reinstated. The waiver of the preexisting condition exclusion shall not apply to illness or injury which occurred or was aggravated during performance of service in the uniformed services.

Uniformed services includes full-time and reserve components of the United States Army, Navy, Air Force, Marines and Coast Guard, the Army National Guard, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or emergency.

If you are a covered employee called to a period of active service in the uniformed service, you should check with the plan administrator for a more complete explanation of your rights and obligations under USERRA.

Coverage Termination

The following events terminate your coverage eligibility.

- You become unemployed when your eligibility is based on employment.
- You become ineligible under your employer’s or group sponsor’s eligibility requirements for reasons other than unemployment.
- Your employer or group sponsor discontinues or replaces this group health plan.
- We decide to discontinue offering this group health benefit plan by giving written notice to you and your employer or group sponsor and the Commissioner.
of Insurance at least 90 days prior to termination.

- We decide to nonrenew all group health benefit plans delivered or issued for delivery to employers in Iowa by giving written notice to you and your employer or group sponsor and the Commissioner of Insurance at least 180 days prior to termination.

Also see *Fraud or Intentional Misrepresentation of Material Facts*, and *Nonpayment* later in this section.

When you become unemployed and your eligibility is based on employment, your coverage will end on the last day of employment. When your coverage terminates for all other reasons, check with your employer or group sponsor or call the Customer Service number on your ID card to verify the coverage termination date.

If you receive covered facility services as an inpatient of a hospital or a resident of a nursing facility on the date your coverage eligibility terminates, payment for the covered facility services will end on the earliest of the following:

- The end of your remaining days of coverage under this benefits plan.
- The date you are discharged from the hospital or nursing facility following termination of your coverage eligibility.
- A period not more than 60 days from the date of termination.

Only facility services will be covered under this extension of benefits provision. Benefits for professional services will end on the date of termination of your coverage eligibility.

**Fraud or Intentional Misrepresentation of Material Facts**
Your coverage will terminate immediately if:

- You use this group health plan fraudulently or intentionally misrepresent a material fact in your application; or
- Your employer or group sponsor commits fraud or intentionally misrepresents a material fact under the terms of this group health plan.

If your coverage is terminated for fraud or intentional misrepresentation of a material fact, then:

- We may declare this group health plan void retroactively from the effective date of coverage following a 30-day written notice. In this case, we will recover any claim payments made.
- Premiums may be retroactively adjusted as if the fraud or intentionally misrepresented material fact had been accurately disclosed in your application.
- We will retain legal rights, including the right to bring a civil action.

**Nonpayment**
If you or your employer or group sponsor fail to make required payments to us when due or within the allowed grace period, your coverage will terminate the last day of the month in which the required payments are due.

**Coverage Continuation**
When your coverage ends, you may be eligible to continue coverage under this group health plan.

**COBRA Continuation**
COBRA continuation coverage is a temporary extension of group health coverage under the plan under certain circumstances when coverage would otherwise end. The right to COBRA coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA coverage can become available when you would otherwise lose group health coverage under the plan. It can also become available to your spouse and dependent children, if they are covered under the plan, when they would otherwise lose their group health coverage under the plan. The following paragraphs generally explain COBRA coverage, when it may become available to you and your family, and what
you need to do to protect the right to receive it.

The description of COBRA coverage contained here applies only to the group health plan benefits offered under the plan and not to any other benefits offered by your employer or group sponsor (such as life insurance, disability, or accidental death or dismemberment benefits). The plan provides no greater COBRA rights than what COBRA requires. Nothing in the plan is intended to expand the participant’s rights beyond COBRA’s requirements.

**Coverage Entitlement.** You, your spouse, and/or your dependent child(ren) will be entitled to elect COBRA if you lose your group health coverage under the plan because of a life event known as a qualifying event. You may be entitled to continue this coverage under COBRA for a period of 18, 29, or 36 months depending on the qualifying event that causes loss of coverage under this plan. See **Length of Coverage** later in this section.

The following are recognized qualifying events that will entitle you, your spouse, and/or your dependent child(ren) for COBRA Coverage.

You will be entitled to elect COBRA:
- If you lose your group health coverage under the plan because your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

Your spouse will be entitled to elect COBRA if he/she loses his/her group health coverage under the plan because any of the following qualifying events happens:
- You die;
- Your hours of employment are reduced;
- Your employment ends for any reason other than your gross misconduct;
- You become entitled to Medicare benefits (Part A, Part B or both);
- You and your spouse become divorced or legally separated; or
- The dependent stops being eligible for coverage under the plan as a dependent child.

Your dependent child will be entitled to elect COBRA if he/she loses his/her group health coverage under the plan because any of the following qualifying events happens:
- You die;
- Your hours of employment are reduced;
- Your employment ends for any reason other than your gross misconduct;
- You become entitled to Medicare benefits (Part A, Part B or both);
- You and your spouse become divorced or legally separated; or
- The dependent stops being eligible for coverage under the plan as a dependent child.

A child born to, adopted by, or placed for adoption with you during a period of COBRA coverage is considered to be a qualified beneficiary provided that, if you are a qualified beneficiary, you have elected COBRA coverage for yourself. The child’s COBRA coverage begins when the child is enrolled under this plan, whether through special enrollment or open enrollment, and it lasts for as long as COBRA coverage lasts for other family members of the employee. To be enrolled under this plan, the child must satisfy the otherwise applicable eligibility requirements (for example, regarding age).

Your child who is receiving benefits under this plan pursuant to a qualified medical child support order (QMCSO) received by your employer or group sponsor during your period of employment with your employer or group sponsor is entitled to the same rights to elect COBRA as your eligible dependent child.

If you take a Family and Medical Leave Act (FMLA) leave and do not return to work at the end of the leave or terminate coverage during the leave, you (and your spouse and dependent children, if any) will be entitled to elect COBRA if:

- They were covered under the plan on the day before the FMLA leave began or became covered during the FMLA leave; and
They will lose coverage under the plan because of your failure to return to work at the end of the leave. This means that some individuals may be entitled to elect COBRA at the end of an FMLA leave even if they were not covered under the plan during the leave.

COBRA coverage elected in these circumstances will begin on the last day of the FMLA leave, with the same 18-month maximum coverage period, subject to extension or early termination, generally applicable to the COBRA qualifying events of termination of employment and reduction of hours. For information on how long you may have COBRA coverage, see later in this section, under Length of Coverage.

Qualifying Events. After a qualifying event occurs and any required notice of that event is properly provided to your employer or group sponsor, COBRA coverage must be offered to each person losing coverage under the plan who is a qualified beneficiary. You, your spouse, and your dependent children could become qualified beneficiaries and would be entitled to elect COBRA if coverage under the plan is lost because of the qualifying event.

COBRA coverage is the same coverage that this plan gives to other participants or beneficiaries under the plan who are not receiving COBRA coverage. Each qualified beneficiary who elects COBRA will have the same rights under the plan as other participants or beneficiaries covered under the component or components of this plan elected by the qualified beneficiary, including open enrollment and special enrollment rights. Under this plan, qualified beneficiaries who elect COBRA must pay for COBRA coverage.

When the qualifying event is the end of your employment, your reduction of hours of employment, or your death, COBRA coverage will be offered to qualified beneficiaries. You need not notify your employer or group sponsor of any of these three qualifying events.

For the other qualifying events, a COBRA election will be available only if you notify your employer or group sponsor in writing within 60 days after the later of:

- The date of the qualifying event; and
- The date on which the qualified beneficiary loses (or would lose) coverage under the terms of the plan as a result of the qualifying event.

The written notice must include the plan name or group name, your name, your Social Security Number, your dependent’s name and a description of the event.

Please note: If these procedures are not followed or if the written notice is not provided to your employer or group sponsor during the 60-day notice period, you or your dependents will lose your right to elect COBRA.

ELECTING COVERAGE. To elect COBRA, you must complete the Election form that is part of the COBRA election notice and submit it to Discovery Benefits COBRA. An election notice will be provided to qualified beneficiaries at the time of a qualifying event. You may also obtain a copy of the Election form from your employer or group sponsor. Under federal law, you must have 60 days after the date the qualified beneficiary coverage under the plan terminates, or, if later, 60 days after the date of the COBRA election notice provided to you at the time of the qualifying event to decide whether you want to elect COBRA under the plan.

Mail the completed Election form to:

Discovery Benefits COBRA
4321 20th Avenue S.
Fargo, ND 58103

The Election form must be completed in writing and mailed to the individual and address specified above. The following are not acceptable as COBRA elections and will not preserve COBRA rights: oral communications regarding COBRA coverage, including in-person or telephone statements about an individual’s COBRA coverage; and electronic communications,
including e-mail and faxed communications.

The election must be postmarked 60 days from the termination date or 60 days from the date the COBRA election notice provided at the time of the qualifying event. **Please note:** If you do not submit a completed Election form within this period, you will lose your right to elect COBRA.

If you reject COBRA before the due date, you may change your mind as long as you furnish a completed Election form before the due date. The plan will only provide continuation coverage beginning on the date the waiver of coverage is revoked.

You do not have to send any payment with your Election form when you elect COBRA. Important additional information about payment for COBRA coverage is included below.

Each qualified beneficiary will have an independent right to elect COBRA. For example, your spouse may elect COBRA even if you do not. COBRA may be elected for only one, several, or for all dependent children who are qualified beneficiaries. You and your spouse (if your spouse is a qualified beneficiary) may elect COBRA on behalf of all of the qualified beneficiaries, and parents may elect COBRA on behalf of their children. Any qualified beneficiary for whom COBRA is not elected within the 60-day election period specified in the COBRA election notice will lose his or her right to elect COBRA coverage.

When you complete the Election form, you must notify Discovery Benefits COBRA if any qualified beneficiary has become entitled to Medicare (Part A, Part B, or both) and, if so, the date of Medicare entitlement. If you become entitled to Medicare (or first learn that you are entitled to Medicare) after submitting the Election form, immediately notify Discovery Benefits COBRA of the date of the Medicare entitlement at the address specified above for delivery of the Election form.

Qualified beneficiaries may be enrolled in one or more group health components at the time of a qualifying event. If a qualified beneficiary is entitled to a COBRA election as the result of a qualifying event, he or she may elect COBRA under any or all of the group health components under which he or she was covered on the day before the qualifying event. For example, if a qualified beneficiary was covered under the medical and vision components on the day before a qualifying event, he or she may elect COBRA under the vision component only, the medical component only, or under both medical and vision (only if both components are available as a separate election option to the active employee).

Qualified beneficiaries who are entitled to elect COBRA may do so even if they have other group health plan coverage or are entitled to Medicare benefits on or before the date on which COBRA is elected. However, a qualified beneficiary’s COBRA coverage will terminate automatically if, after electing COBRA, he or she becomes entitled to Medicare benefits or becomes covered under other group health plan coverage. For information on when coverage will terminate, see later in this section, under *Termination of Coverage.*

When considering whether to elect COBRA, you should take into account that a failure to elect COBRA will affect your future rights under federal law. You should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as coverage sponsored by the spouse’s employer) within 30 days after your group health coverage under the plan ends because of one of the qualifying events listed above. You will also have the same special enrollment right at the end of COBRA coverage if you get COBRA coverage for the maximum time available.

**Length of Coverage.** When coverage is lost due to your death, your divorce or legal
Coverage Changes and Termination

separation, or your dependent child losing eligibility as a dependent child, COBRA coverage can last for up to a maximum of 36 months.

When coverage is lost due to the end of your employment or reduction in hours of employment, and you became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA coverage for qualified beneficiaries (other than you as the employee) who lose coverage as a result of the qualifying event can last a maximum of 36 months after the date of Medicare entitlement. For example, if you become entitled to Medicare eight months before the date on which your employment terminates, COBRA coverage under the plan for your spouse and children who lost coverage as a result of your termination can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus eight months). This COBRA coverage period is available only if you become entitled to Medicare within 18 months before the termination or reduction of hours.

Otherwise, when coverage is lost due to the end of your employment or reduction of hours of employment, COBRA coverage generally can last for only up to a maximum of 18 months.

Extending Coverage. If the qualifying event that resulted in your COBRA election was your termination of employment or reduction of hours, an extension of the maximum period of coverage may be available if a qualified beneficiary is disabled or a second qualifying event occurs. You must notify your employer or group sponsor of a disability or a second qualifying event in order to extend the period of COBRA coverage. Failure to provide notice of a disability or second qualifying event will eliminate the right to extend the period of COBRA coverage. Along with the notice of a disability, the qualified beneficiary must also supply a copy of the Social Security Administration disability determination.

If a qualified beneficiary is determined by the Social Security Administration to be disabled and you notify your employer or group sponsor in a timely fashion, all of the qualified beneficiaries in your family may be entitled to receive up to an additional 11 months of COBRA coverage, for a total maximum of 29 months. This extension is available only for qualified beneficiaries who are receiving COBRA coverage because of a qualifying event that was your termination of employment or reduction of hours. The qualified beneficiary must be determined disabled at any time during the first 60 days of COBRA coverage. Each qualified beneficiary will be entitled to the disability extension if one of them qualifies.

The disability extension is available only if you notify your employer or group sponsor in writing of the Social Security Administration’s determination of disability within 60 days after the latest of:

- The date of the Social Security Administration’s disability determination;
- The date of your termination of employment or reduction of hours; or
- The date on which the qualified beneficiary loses (or would lose) coverage under the terms of the plan as a result of your termination of employment or reduction of hours.

The written notice must include the plan name or group name, your name, your Social Security Number, your dependent’s name and a description of the event.

You must also provide this notice within 60 days after your termination of employment or reduction of hours in order to be entitled to a disability extension.

If these procedures are not followed or if the written notice is not provided to your employer or group sponsor during the 60-day notice period, then there will be no disability extension of COBRA coverage.
An extension of coverage will be available to your spouse and dependent children who are receiving COBRA coverage if a second qualifying event occurs during the 60 days (or, in the case of a disability extension, the 29 months) following your termination of employment or reduction of hours. The maximum amount of COBRA coverage available when a second qualifying event occurs is 36 months. Such second qualifying events may include your death, your divorce or legal separation, or a dependent child’s ceasing to be eligible for coverage as a dependent under this plan. These events can be a second qualifying event only if they would have caused the qualified beneficiary to lose coverage under the plan if the first qualifying event had not occurred. (This extension is not available under this plan when you become entitled to Medicare.)

This extension due to a second qualifying event is available only if the participant notifies your employer or group sponsor in writing of the second qualifying event within 60 days after the later of:

- The date of the second qualifying event; and
- The date on which the qualified beneficiary would lose coverage under the terms of this plan as a result of the second qualifying event (if it had occurred while the qualified beneficiary was still covered under this plan).

If these procedures are not followed or if the written notice is not provided to your employer or group sponsor during the 60-day notice period, there will be no extension of COBRA coverage due to a second qualifying event.

In addition to the regular COBRA termination events specified later in this section, the disability extension period will end the first of the month beginning more than 30 days following recovery.

For example, if disability ends June 10, coverage will continue through the month of July (7/31).

**Termination of Coverage.** Coverage under COBRA will end when you meet the maximum period for your qualifying event, as indicated earlier under *Length of Coverage*.

COBRA coverage will automatically terminate before the end of the maximum period if:

- Any required premium is not paid in full on time;
- A qualified beneficiary becomes covered, after electing COBRA, under another group health plan;
- A qualified beneficiary becomes entitled to Medicare benefits (under Part A, Part B, or both) after electing COBRA;
- The employer ceases to provide any group health plan for its employees; or
- During a disability extension period, the disabled qualified beneficiary is determined by the Social Security Administration to be no longer disabled. For more information about the disability extension period, see *Extending Coverage*, earlier in this section.

COBRA coverage may also be terminated for any reason this plan would terminate your coverage or coverage of a beneficiary not receiving COBRA coverage, such as fraud.

You must notify your employer or group sponsor in writing within 30 days if, after electing COBRA, a qualified beneficiary becomes entitled to Medicare (Part A, Part B, or both) or becomes covered under other group health plan coverage.

COBRA coverage will terminate (retroactively if applicable) as of the date of Medicare entitlement or as of the beginning date of the other group health coverage. Your employer or group sponsor will require repayment of all benefits paid after the termination date, regardless of whether or when you provide notice to your employer or group sponsor of Medicare entitlement or other group health plan coverage.
If a disabled qualified beneficiary is determined by the Social Security Administration to no longer be disabled, you must notify your employer or group sponsor of that fact within 30 days after the Social Security Administration’s determination.

If the Social Security Administration’s determination that the qualified beneficiary is no longer disabled occurs during a disability extension period, COBRA coverage for all qualified beneficiaries will terminate (retroactively if applicable) as of the first day of the month that is more than 30 days after the Social Security Administration’s determination that the qualified beneficiary is no longer disabled. Your employer or group sponsor will require repayment of all benefits paid after the termination date, regardless of whether or when you provide notice to your employer or group sponsor that the disabled qualified beneficiary is no longer disabled. For more information about the disability extension period, see Extending Coverage, earlier in this section.

Coverage Cost and Payment. Each qualified beneficiary is required to pay the entire cost of COBRA coverage. The amount a qualified beneficiary may be required to pay may not exceed 102 percent (or, in the case of an extension of COBRA coverage due to a disability, 150 percent) of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated plan participant or beneficiary who is not receiving COBRA coverage. The amount of the COBRA premiums may change from time to time during the period of COBRA coverage and will most likely increase over time. You will be notified of COBRA premium changes.

All COBRA premiums must be paid by check or money order.

Your first payment and all monthly payments for COBRA coverage must be made payable to Discovery Benefits COBRA and mailed to:

Discovery Benefits COBRA
4321 20th Avene S.
Fargo, ND 58103

The payment is considered to have been made on the date that it is postmarked. You will not be considered to have made any payment by mailing a check if your check is returned due to insufficient funds or otherwise.

If you elect COBRA, you do not have to send any payment with the Election form. However, you must make your first payment for COBRA coverage not later than 45 days after the date of election. This is the date the Election form is postmarked, if mailed, or the date the Election form is received by the individual at the address specified for delivery of the Election form, if hand-delivered. For more information on electing coverage, see Electing Coverage earlier in this section.

The first payment must cover the cost of COBRA coverage from the time coverage under the plan would have otherwise terminated up through the end of the month before the month in which you make your first payment.

For example, Sue’s employment terminated on September 30, and she loses coverage on September 30. Sue elects COBRA on November 15. Her initial premium payment equals the premiums for October and November and is due on or before December 30, the 45th day after the date of her COBRA election.

You are responsible for making sure that the amount of your first payment is correct. You may contact the plan administrator to confirm the correct amount of the first payment.

Claims for reimbursement will not be processed and paid until you have elected COBRA and make the first payment for it.
If you do not make the first payment for COBRA coverage in full within 45 days after the date of your election, you will lose all COBRA rights under this plan.

After you make your first payment for COBRA coverage, you will be required to make monthly payments for each subsequent month of COBRA coverage. The amount due for each month for each qualified beneficiary will be disclosed in the election notice provided at the time of the qualifying event. Under the plan, each of these monthly payments for COBRA coverage is due on the first day of the month for that month’s COBRA coverage. If you make a monthly payment on or before the first day of the month to which it applies, your COBRA coverage under this plan will continue for that month without any break.

Although monthly payments are due on the first day of each month of COBRA coverage, you will be given a grace period of 30 days after the first day of the month to make each monthly payment. COBRA coverage will be provided for each month as long as payment for that month is made before the end of the grace period for that payment. However, if you pay a monthly payment later than the first day of the month to which it applies, but before the end of the grace period for the month, your coverage under this plan will be suspended as of the first day of the month and then retroactively reinstated (going back to the first day of the month) when the monthly payment is received. This means that any claim submitted for benefits while coverage is suspended may be denied and may have to be resubmitted once coverage is reinstated.

If you fail to make a monthly payment before the end of the grace period for that month, you will lose all rights to COBRA coverage under the plan.

Assistance With Questions. Questions concerning the plan or your COBRA rights should be addressed to the contact or contacts identified below. For more information about COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional Office of the U.S. Department of Health and Human Services (HHS) or visit the HHS website at www.hhs.gov. Addresses and phone numbers of Regional HHS Offices are also available through HHS’s website.

Notification of Changes. In order to protect your family’s rights, you should keep Discovery Benefits COBRA informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices sent by your employer or group sponsor.

Plan Contact Information. For additional information about you and your dependents’ rights and obligations under the plan and under federal law, you should contact your employer or group sponsor, the plan administrator. You may obtain information about COBRA coverage on request from:

Discovery Benefits COBRA
4321 20th Ave S.
Fargo, ND 58103

The contact information for the plan may change from time to time. The most recent information will be included in the most recent plan documents (if you are not sure whether this is the most recent plan document, you may request the most recent one from the plan administrator or your employer or group sponsor).

Continuation for Public Group
Iowa Code Sections 509A.7 and 509A.13 may apply if you are an employee of the State, an Iowa school district, or other public entity supported by public funds. If this law applies to you, you may be entitled to continue participation in this medical benefits plan when you retire.

Coverage Continuation or Reenrollment Upon Death of Eligible
Peace Officer or Fire Fighter in the Line of Duty

Pursuant to Iowa Code section 509A.13C, a governing body, county board of supervisors, or city council that sponsors a health care coverage plan for its employees under Iowa Code chapter 509A shall permit continuation of existing coverage or reenrollment in previously existing health coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter. An “eligible peace officer or fire fighter” means a peace officer, as defined in Iowa Code section 801.4, or a fire fighter, as defined in Iowa Code section 411.1, to which a line of duty death benefit is payable pursuant to Iowa Code section 97A.6, subsection 16, Iowa Code section 97B.52, subsection 2, or Iowa Code section 411.6, subsection 15. A governing body, a county board of supervisors, or a city council shall also permit continuation of existing coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter until such time as the determination is made as to whether to provide a line of duty death benefit.

Iowa Code section 509A.13C applies retroactively to allow reenrollment in previously existing health coverage for the surviving spouse and each surviving child of an eligible peace officer or fire fighter who died in the line of duty on or after January 1, 1985. Coverage benefits will be provided for services on or after the date of reenrollment.

Eligibility for continuation and reenrollment are subject to any applicable conditions and limitations in Iowa Code section 509A.13C. To request coverage continuation or reenrollment under Iowa Code section 509A.13C, the surviving spouse, on his/her behalf and on behalf of each surviving child, must provide written notification to the applicable governing body, county board of supervisors, or city council. The governing body, county board of supervisors, or city council must then notify Wellmark of the continuation or reenrollment request.

The governing body, county board of supervisors, or city council is not required to pay for the cost of the coverage for the surviving spouse and children but may choose to pay the cost or a portion of the cost for the coverage. If the full cost of the coverage is not paid by the governing body, county board of supervisors, or city council, the surviving spouse, on his/her behalf and on behalf of each surviving child, may elect to continue the health care coverage by paying that portion of the cost of the coverage not paid by the governing body, county board of supervisors, or city council.

The continuation and reenrollment options are not available if the surviving spouse or surviving child who would otherwise be entitled to continuation or reenrollment under this section was, through the surviving spouse’s or surviving child’s actions, a substantial contributing factor to the death of the eligible peace officer or fire fighter.

Continuation Under Iowa Law

Under Iowa Code Chapter 509B, you may be eligible to continue your medical care coverage for up to nine months if:

- You lose the coverage you have been receiving through your employer or group sponsor; and
- You have been covered by your medical benefits plan continuously for the last three months.

Your employer or group sponsor must provide written notice of your right to continue coverage within 10 days of the last day you are considered employed or your coverage ends. You will then have 10 days to give your employer or group sponsor written notice that you want to continue coverage.

Your right to continue coverage ends 31 days after the date of your employment termination or the date you were given notice of your continuation right, whichever is later.
If you lose your coverage because of divorce, annulment, or death of the employee, you must notify the employer or group sponsor providing the coverage within 31 days.

Benefits provided by continuation coverage may not be identical to the benefits that active employees have and will be subject to different premium rates. You will be responsible for paying any premiums to your employer or group sponsor for continuation coverage.

If you believe the Iowa continuation law applies to you, you may contact your employer or group sponsor for information on premiums and any necessary paperwork.

If you are eligible for coverage continuation under both Iowa law and COBRA, your employer can comply with Iowa law by offering only COBRA continuation.
10. Claims

Once you receive services, we must receive a claim to determine the amount of your benefits. The claim lets us know the services you received, when you received them, and from which provider.

Neither you nor your provider shall bill Wellmark for services provided under a direct primary care agreement as authorized under Iowa law.

When to File a Claim
You need to file a claim if you:

- Use a provider who does not file claims for you. Participating and PPO providers file claims for you.

Wellmark must receive claims within 180 days following the date of service of the claim or if you have other coverage that has primary responsibility for payment then within 180 days of the date of the other carrier’s explanation of benefits. If you receive services outside of Wellmark’s service area, Wellmark must receive the claim within 180 days following the date of service or within the filing requirement in the contractual agreement between the Participating Provider and the Host Blue. If you receive services from an Out-of-Network Provider, the claim has to be filed within 180 days following the date of service.

How to File a Claim
All claims must be submitted in writing.

1. Get a Claim Form
Forms are available at Wellmark.com or by calling the Customer Service number on your ID card or from your personnel department.

2. Fill Out the Claim Form
Follow the same claim filing procedure regardless of where you received services. Directions are printed on the back of the claim form. Complete all sections of the claim form. For more efficient processing, all claims (including those completed out-of-country) should be written in English.

If you need assistance completing the claim form, call the Customer Service number on your ID card.

Medical Claim Form. Follow these steps to complete a medical claim form:

- Use a separate claim form for each covered family member and each provider.
- Attach a copy of an itemized statement prepared by your provider. We cannot accept statements you prepare, cash register receipts, receipt of payment notices, or balance due notices. In order for a claim request to qualify for processing, the itemized statement must be on the provider’s stationery, and include at least the following:
  - Identification of provider: full name, address, tax or license ID numbers, and provider numbers.
  - Patient information: first and last name, date of birth, gender, relationship to plan member, and daytime phone number.
  - Date(s) of service.
  - Charge for each service.
  - Place of service (office, hospital, etc.).
  - For injury or illness: date and diagnosis.
  - For inpatient claims: admission date, patient status, attending physician ID.
  - Days or units of service.
  - Revenue, diagnosis, and procedure codes.
  - Description of each service.
**Prescription Drugs Claim Form.** For prescription drugs covered under your medical benefits, use a separate prescription drug claim form and include the following information:

- Pharmacy name and address.
- Patient information: first and last name, date of birth, gender, and relationship to plan member.
- Date(s) of service.
- Description and quantity of drug.
- Original pharmacy receipt or cash receipt with the pharmacist’s signature on it.

3. **Sign the Claim Form**

4. **Submit the Claim**
We recommend you retain a copy for your records. The original form you send or any attachments sent with the form cannot be returned to you. Send the claim to:

Wellmark
Station 1E238
P.O. Box 9291
Des Moines, IA 50306-9291

**Claims for Services Received Outside the United States.** Send the claim to the address printed on the claim form.

We may require additional information from you or your provider before a claim can be considered complete and ready for processing.

**Notification of Decision**
You will receive an Explanation of Benefits (EOB) following your claim. The EOB is a statement outlining how we applied benefits to a submitted claim. It details amounts that providers charged, network savings, our paid amounts, and amounts for which you are responsible.

In case of an adverse decision, the notice will be sent within 30 days of receipt of the claim. We may extend this time by up to 15 days if the claim determination is delayed for reasons beyond our control. If we do not send an explanation of benefits statement or a notice of extension within the 30-day period, you have the right to begin an appeal. We will notify you of the circumstances requiring an extension and the date by which we expect to render a decision.

If an extension is necessary because we require additional information from you, the notice will describe the specific information needed. You have 45 days from receipt of the notice to provide the information. Without complete information, your claim will be denied.

If you have other insurance coverage, our processing of your claim may utilize coordination of benefits guidelines. See *Coordination of Benefits*, page 79.

Once we pay your claim, whether our payment is sent to you or to your provider, our obligation to pay benefits for the claim is discharged. However, we may adjust a claim due to overpayment or underpayment. In the case of Out-of-Network hospitals, M.D.s, and D.O.s located in Iowa, the health plan payment is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider, plus any difference between the amount charged and our payment.

**Request for Benefit Exception Review**
If you have received an adverse benefit determination that denies or reduces benefits or fails to provide payment in whole or in part for any of the following services, when recommended by your treating provider as medically necessary, you or an individual acting as your authorized representative may request a benefit exception review.

Services subject to this exception process:

- For a woman who previously has had breast cancer, ovarian cancer, or other cancer, but who has not been diagnosed with BRCA-related cancer, appropriate
preventive screening, genetic counseling, and genetic testing.

- FDA-approved contraceptive items or services prescribed by your health care provider based upon a specific determination of medical necessity for you.

- For transgender individuals, sex-specific preventive care services (e.g., mammograms and Pap smears) that his or her attending provider has determined are medically appropriate.

- For dependent children, certain well-woman preventive care services that the attending provider determined are age- and developmentally-appropriate.

- Anesthesia services in connection with a preventive colonoscopy when your attending provider determined that anesthesia would be medically appropriate.

- A required consultation prior to a screening colonoscopy, if your attending provider determined that the pre-procedure consultation would be medically appropriate for you.

- If you received pathology services from an in-network provider related to a preventive colonoscopy screening for which you were responsible for a portion of the cost, such as a deductible, copayment or coinsurance.

- Certain immunizations that ACIP recommends for specified individuals (rather than for routine use for an entire population), when prescribed by your health care provider consistent with the ACIP recommendations.

- FDA-approved intrauterine devices and implants, if prescribed by your health care provider.

You may request a benefit exception review orally or in writing by submitting your request to the address listed in the Appeals section. To be considered, your request must include a letter or statement from your treating provider that the services or supplies were medically necessary and your treating provider’s reason(s) for their determination that the services or supplies were medically necessary.

Your request will be addressed within the timeframes outlined in the Appeals section based upon whether your request is a medically urgent or non-medically urgent matter.
11. Coordination of Benefits

Coordination of benefits applies when you have more than one plan, insurance policy, or group health plan that provides the same or similar benefits as this plan. Benefits payable under this plan, when combined with those paid under your other coverage, will not be more than 100 percent of either our payment arrangement amount or the other plan’s payment arrangement amount.

The method we use to calculate the payment arrangement amount may be different from your other plan’s method.

Other Coverage

When you receive services, you must inform us that you have other coverage, and inform your health care provider about your other coverage. Other coverage includes any of the following:

- Group and nongroup insurance contracts and subscriber contracts.
- HMO contracts.
- Uninsured arrangements of group or group-type coverage.
- Group and nongroup coverage through closed panel plans.
- Group-type contracts.
- The medical care components of long-term contracts, such as skilled nursing care.
- Medicare or other governmental benefits (not including Medicaid).
- The medical benefits coverage of your auto insurance (whether issued on a fault or no-fault basis).

Coverage that is not subject to coordination of benefits includes the following:

- Hospital indemnity coverage or other fixed indemnity coverage.
- Accident-only coverage.
- Specified disease or specified accident coverage.
- Limited benefit health coverage, as defined by Iowa law.
- School accident-type coverage.
- Benefits for nonmedical components of long-term care policies.
- Medicare supplement policies.
- Medicaid policies.
- Coverage under other governmental plans, unless permitted by law.

You must cooperate with Wellmark and provide requested information about other coverage. Failure to provide information can result in a denied claim. We may get the facts we need from or give them to other organizations or persons for the purpose of applying the following rules and determining the benefits payable under this plan and other plans covering you. We need not tell, or get the consent of, any person to do this.

Your Participating or PPO provider will forward your coverage information to us. If you see an Out-of-Network Provider, you are responsible for informing us about your other coverage.

Claim Filing

If you know that your other coverage has primary responsibility for payment, after you receive services, a claim should be submitted to your other insurance carrier first. If that claim is processed with an unpaid balance for benefits eligible under this group health plan, you or your provider should submit a claim to us and attach the other carrier’s explanation of benefit payment within 180 days of the date of the other carrier’s explanation of benefits. We may contact your provider or the other carrier for further information.

Rules of Coordination

We follow certain rules to determine which health plan or coverage pays first (as the primary plan) when other coverage provides the same or similar benefits as this group health plan. Here are some of those rules:
The primary plan pays or provides benefits according to its terms of coverage and without regard to the benefits under any other plan. Except as provided below, a plan that does not contain a coordination of benefits provision that is consistent with applicable regulations is always primary unless the provisions of both plans state that the complying plan is primary.

Coverage that is obtained by membership in a group and is designed to supplement a part of a basic package of benefits is excess to any other parts of the plan provided by the contract holder. (Examples of such supplementary coverage are major medical coverage that is superimposed over base plan hospital and surgical benefits and insurance-type coverage written in connection with a closed panel plan to provide Out-of-Network benefits.)

The following rules are to be applied in order. The first rule that applies to your situation is used to determine the primary plan.

- The coverage that you have as an employee, plan member, subscriber, policyholder, or retiree pays before coverage that you have as a spouse or dependent. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.

- The coverage with the earliest continuous effective date pays first if none of the rules above apply.

- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

**Dependent Children**

To coordinate benefits for a dependent child, the following rules apply (unless there is a court decree stating otherwise):

- If the child is covered by both parents who are married (and not separated) or who are living together, whether or not they have been married, then the coverage between the two plans is reversed, so that the plan covering the person as the employee, plan member, subscriber, policyholder or retiree is the secondary plan and the other plan is the primary plan.

- The coverage that you have as the result of active employment (not laid off or retired) pays before coverage that you have as a laid-off or retired employee. The same would be true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.
For a child covered by separated or divorced parents or parents who are not living together, whether or not they have been married:

- If a court decree states that one of the parents is responsible for the child’s health care expenses or coverage and the plan of that parent has actual knowledge of those terms, then that parent’s coverage pays first. If the parent with responsibility has no health care coverage for the dependent child’s health care expenses, but that parent’s spouse does, that parent’s spouse’s coverage pays first. This item does not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

- If a court decree states that both parents are responsible for the child’s health care expense or health care coverage or if a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the dependent child, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.

- If a court decree does not specify which parent has financial or insurance responsibility, then the coverage of the parent with custody pays first. The payment order for the child is as follows: custodial parent, spouse of custodial parent, other parent, spouse of other parent. A custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as outlined previously in this Dependent Children section.

For a dependent child who has coverage under either or both parents’ plans and also has his or her own coverage as a dependent under a spouse's plan, the plan that covered the dependent for the longer period of time is the primary plan. If the dependent child’s coverage under the spouse’s plan began on the same date as the dependent child’s coverage under either or both parents’ plans, the order of benefits shall be determined, as applicable, as outlined in the first bullet of this Dependent Children section, to the dependent child’s parent or parents and the dependent’s spouse.

- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Coordination with Noncomplying Plans

If you have coverage with another plan that is excess or always secondary or that does not comply with the preceding rules of coordination, we may coordinate benefits on the following basis:

- If this is the primary plan, we will pay its benefits first.

- If this is the secondary plan, we will pay benefits first, but the amount of benefits will be determined as if this plan were secondary. Our payment will be limited
to the amount we would have paid had this plan been primary.

- If the noncomplying plan does not provide information needed to determine benefits, we will assume that the benefits of the noncomplying plan are identical to this plan and will administer benefits accordingly. If we receive the necessary information within two years of payment of the claim, we will adjust payments accordingly.

- In the event that the noncomplying plan reduces its benefits so you receive less than you would have received if we had paid as the secondary plan and the noncomplying plan was primary, we will advance an amount equal to the difference. In no event will we advance more than we would have paid had this plan been primary, minus any amount previously paid. In consideration of the advance, we will be subrogated to all of your rights against the noncomplying plan. See Subrogation, page 96.

- If the preceding rules do not determine the order of benefits and if the plans cannot agree on the order of benefits within 30 calendar days after the plans have received all information needed to pay the claim, the plans will pay the claim in equal shares and determine their relative liabilities following payment. However, we will not pay more than we would have paid had this plan been primary.

Effects on the Benefits of this Plan
In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other coverage and apply the calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan will credit to its applicable deductible any amounts it would have credited to its deductible in the absence of other coverage.

If a person is enrolled in two or more closed panel plans and if, for any reason including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, coordination of benefits will not apply between that plan and other closed panel plans.

Right of Recovery
If the amount of payments made by us is more than we should have paid under these coordination of benefits provisions, we may recover the excess from any of the persons to or for whom we paid, or from any other person or organization that may be responsible for the benefits or services provided for the covered person. The amount of payments made includes the reasonable cash value of any benefits provided in the form of services.

Plans That Provide Benefits as Services
A secondary plan that provides benefits in the form of services may recover the reasonable cash value of the service from the primary plan, to the extent benefits for the services are covered by the primary plan and have not already been paid or provided by the primary plan.

Coordination with Medicare
Medicare is by law the secondary coverage to group health plans in a variety of situations.

The following provisions apply only if you have both Medicare and employer group health coverage and meet the specific Medicare Secondary Payer provisions for the applicable Medicare entitlement reason.

Medicare Part B Drugs
Drugs paid under Medicare Part B are covered under the medical benefits of this plan.
Coordination of Benefits

**Working Aged**
If you are a member of a group health plan of an employer with at least 20 employees for each working day for at least 20 calendar weeks in the current or preceding year, then in most situations Medicare is the secondary payer if the beneficiary is:
- Age 65 or older; and
- A current employee or spouse of a current employee covered by an employer group health plan.

**Working Disabled**
If you are a member of a group health plan of an employer with at least 100 full-time, part-time, or leased employees on at least 50 percent of regular business days during the preceding calendar year, then in most situations Medicare is the secondary payer if the beneficiary is:
- Under age 65;
- A recipient of Medicare disability benefits; and
- A current employee or a spouse or dependent of a current employee, covered by an employer group health plan.

**End-Stage Renal Disease (ESRD)**
The ESRD requirements apply to group health plans of all employers, regardless of the number of employees. Under these requirements, Medicare is the secondary payer during the first 30 months of Medicare eligibility if both of the following are true:
- The beneficiary is eligible for Medicare coverage as an ESRD patient; and
- The beneficiary is covered by an employer group health plan.

If the beneficiary is already covered by Medicare due to age or disability and the beneficiary becomes eligible for Medicare ESRD coverage, Medicare generally is the secondary payer during the first 30 months of ESRD eligibility. However, if the group health plan is secondary to Medicare (based on other Medicare secondary-payer requirements) at the time the beneficiary becomes eligible for ESRD, the group health plan remains secondary to Medicare.

This is only a general summary of the laws. For complete information, contact your employer or the Social Security Administration.
12. Appeals

Right of Appeal
You have the right to one full and fair review in the case of an adverse benefit determination that denies, reduces, or terminates benefits, or fails to provide payment in whole or in part. Adverse benefit determinations include a denied or reduced claim, a rescission of coverage, or an adverse benefit determination concerning a pre-service notification requirement. Pre-service notification requirements are:

- A precertification request.
- A notification of admission or services.
- A prior approval request.

How to Request an Internal Appeal
You or your authorized representative, if you have designated one, may appeal an adverse benefit determination within 180 days from the date you are notified of our adverse benefit determination by submitting a written appeal. Appeal forms are available at our website, Wellmark.com. See Authorized Representative, page 93.

Medically Urgent Appeal
To appeal an adverse benefit determination involving a medically urgent situation, you may request an expedited appeal, either orally or in writing. Medically urgent generally means a situation in which your health may be in serious jeopardy or, in the opinion of your physician, you may experience severe pain that cannot be adequately controlled while you wait for a decision.

Non-Medically Urgent Appeal
To appeal an adverse benefit determination that is not medically urgent, you must make your request for a review in writing.

What to Include in Your Internal Appeal
You must submit all relevant information with your appeal, including the reason for your appeal. This includes written comments, documents, or other information in support of your appeal. You must also submit:

- Date of your request.
- Your name (please type or print), address, and if applicable, the name and address of your authorized representative.
- Member identification number.
- Claim number from your Explanation of Benefits, if applicable.
- Date of service in question.

If you have difficulty obtaining this information, ask your provider or pharmacist to assist you.

Where to Send Internal Appeal
Wellmark Blue Cross and Blue Shield of Iowa
Special Inquiries
P.O. Box 9232, Station 5W189
Des Moines, IA 50306-9232

Review of Internal Appeal
Your request for an internal appeal will be reviewed only once. The review will take into account all information regarding the adverse benefit determination whether or not the information was presented or available at the initial determination. Upon request, and free of charge, you will be provided reasonable access to and copies of all relevant records used in making the initial determination. Any new information or rationale gathered or relied upon during the appeal process will be provided to you prior to Wellmark issuing a final adverse benefit determination and you will have the opportunity to respond to that information or to provide information.

The review will not be conducted by the original decision makers or any of their
subordinates. The review will be conducted without regard to the original decision. If a decision requires medical judgment, we will consult an appropriate medical expert who was not previously involved in the original decision and who has no conflict of interest in making the decision. If we deny your appeal, in whole or in part, you may request, in writing, the identity of the medical expert we consulted.

**Decision on Internal Appeal**
The decision on appeal is the final internal determination. Once a decision on internal appeal is reached, your right to internal appeal is exhausted.

**Medically Urgent Appeal**
For a medically urgent appeal, you will be notified (by telephone, e-mail, fax or another prompt method) of our decision as soon as possible, based on the medical situation, but no later than 72 hours after your expedited appeal request is received. If the decision is adverse, a written notification will be sent.

**All Other Appeals**
For all other appeals, you will be notified in writing of our decision. Most appeal requests will be determined within 30 days and all appeal requests will be determined within 60 days.

**External Review**
You have the right to request an external review of a final adverse determination involving a covered service when the determination involved:

- Medical necessity.
- Appropriateness of services or supplies, including health care setting, level of care, or effectiveness of treatment.
- Investigational or experimental services or supplies.
- Concurrent review or admission to a facility. See Notification Requirements and Care Coordination, page 45.
- A rescission of coverage.

An adverse determination eligible for external review does not include a denial of coverage for a service or treatment specifically excluded under this plan.

The external review will be conducted by independent health care professionals who have no association with us and who have no conflict of interest with respect to the benefit determination.

**Have you exhausted the appeal process?** Before you can request an external review, you must first exhaust the internal appeal process described earlier in this section. However, if you have not received a decision regarding the adverse benefit determination within 30 days following the date of your request for an appeal, you are considered to have exhausted the internal appeal process.

**Requesting an external review.** You or your authorized representative may request an external review through the Iowa Insurance Division by completing an External Review Request Form and submitting the form as described in this section. You may obtain this request form by calling the Customer Service number on your ID card, by visiting our website at Wellmark.com, by contacting the Iowa Insurance Division, or by visiting the Iowa Insurance Division's website at www.iid.iowa.gov.

You will be required to authorize the release of any medical records that may be required to be reviewed for the purpose of reaching a decision on your request for external review.

Requests must be filed in writing at the following address, no later than four months after you receive notice of the final adverse benefit determination:

Iowa Insurance Division  
Two Ruan Center  
601 Locust, 4th Floor  
Des Moines, IA 50309-3738  
Fax: 515-281-3059  
E-mail: iid.marketregulation@iid.iowa.gov
**How the review works.** Upon notification that an external review request has been filed, Wellmark will make a preliminary review of the request to determine whether the request may proceed to external review. Following that review, the Iowa Insurance Division will decide whether your request is eligible for an external review, and if it is, the Iowa Insurance Division will assign an independent review organization (IRO) to conduct the external review. You will be advised of the name of the IRO and will then have five business days to provide new information to the IRO. The IRO will make a decision within 45 days of the date the Iowa Insurance Division receives your request for an external review.

**Need help?** You may contact the Iowa Insurance Division at **877-955-1212** at any time for assistance with the external review process.

**Expedited External Review**

You do not need to exhaust the internal appeal process to request an external review of an adverse determination or a final adverse determination if you have a medical condition for which the time frame for completing an internal appeal or for completing a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function.

You may also have the right to request an expedited external review of a final adverse determination that concerns an admission, availability of care, concurrent review, or service for which you received emergency services, and you have not been discharged from a facility.

If our adverse benefit determination is that the service or treatment is investigational or experimental and your treating physician has certified in writing that delaying the service or treatment would render it significantly less effective, you may also have the right to request an expedited external review.

You or your authorized representative may submit an oral or written expedited external review request to the Iowa Insurance Division by contacting the Iowa Insurance Division at **877-955-1212**.

If the Insurance Division determines the request is eligible for an expedited external review, the Division will immediately assign an IRO to conduct the review and a decision will be made expeditiously, but in no event more than 72 hours after the IRO receives the request for an expedited external review.

**Arbitration and Legal Action**

You shall not start arbitration or legal action against us until you have exhausted the appeal procedure described in this section. See the *Arbitration and Legal Action* section and *Governing Law*, page 95, for important information about your arbitration and legal action rights after you have exhausted the appeal procedures in this section.
13. Arbitration and Legal Action

PLEASE READ THIS SECTION CAREFULLY

Mandatory Arbitration
You shall not start an action against us on any Claims (as defined below) unless you have first exhausted the appeal processes described in the Appeals section of this summary plan description.

Except as solely discussed below, this section provides that Claims must be resolved by binding mandatory arbitration. Arbitration replaces the right to go to court, have a jury trial or initiate or participate in a class action. In arbitration, disputes are resolved by an arbitrator, not a judge or a jury. Arbitration procedures are simpler and more limited than in court.

Covered Claims
Except as solely stated below, you or we must arbitrate any claim, dispute or controversy arising out of or related to this summary plan description or any other document related to your health plan, including, but not limited to, member eligibility, benefits under your health plan or administration of your health plan (any and/or all of the foregoing called “Claims”).

Except as stated below, all Claims are subject to mandatory arbitration, no matter what legal theory they are based, whether in law or equity, upon or what remedy (damages, or injunctive or declaratory relief) they seek, including Claims based on contract, tort (including intentional tort), fraud, agency, your or our negligence, statutory or regulatory provisions, or any other sources of law; counterclaims, cross-claims, third-party claims, interpleaders or otherwise; Claims made regarding past, present or future conduct; and Claims made independently or with other claims. This also includes Claims made by or against anyone connected with us or you or claiming through us or you, or by someone making a claim through us or you, such as a covered family member, employee, agent, representative, or an affiliated or subsidiary company. For purposes of this Arbitration and Legal Action section, the words “we,” “us,” and “our” refer to Wellmark, Inc. and its subsidiaries and affiliates, the plan sponsor and/or the plan administrator, as well as their respective directors, officers, employees and agents.

No Class Arbitrations and Class Actions Waiver
YOU UNDERSTAND AND AGREE THAT YOU AND WE BOTH ARE VOLUNTARILY AND IRREVOCABLY WAIVING THE RIGHT TO PURSUE OR HAVE A DISPUTE RESOLVED AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS, COLLECTIVE OR REPRESENTATIVE PROCEEDING PENDING BETWEEN YOU AND US. YOU ARE AGREEING TO GIVE UP THE ABILITY TO PARTICIPATE IN CLASS ARBITRATIONS, CLASS ACTIONS AND ANY OTHER COLLECTIVE OR REPRESENTATIVE ACTIONS. Neither you nor we consent to the incorporation of the AAA Supplementary Rules for Class Arbitration into the rules governing the arbitration of Claims. The arbitrator has no authority to arbitrate any claim on a class or representative basis and may award relief only on an individual basis. Claims of two or more persons may not be combined in the same arbitration, unless both you and we agree to do so.

Claims Excluded from Mandatory Arbitration
- Small Claims – individual Claims filed in a small claims court are not subject to arbitration, as long as the matter stays in small claims court.
- Claims Excluded By Applicable Law – federal or state law may exempt certain Claims from mandatory arbitration.
AN ARBITRATOR DETERMINES A PARTICULAR CLAIM IS EXCLUDED FROM ARBITRATION BY FEDERAL OR STATE LAW, CLAIMS EXCLUDED BY APPLICABLE LAW, LATER IN THIS SECTION, AND GOVERNING LAW, PAGE 95, WILL APPLY TO THE PARTIES AND SUCH PARTICULAR CLAIM.

Arbitration Process Generally

- No demand for arbitration of a Claim because of a health benefit claim under this plan, or because of the alleged breach of this plan, shall be made more than two years after the end of the calendar year in which the services or supplies were provided.

- Arbitration shall be conducted by the American Arbitration Association ("AAA") according to the Federal Arbitration Act ("FAA") (to the exclusion of any state laws inconsistent therewith), this arbitration provision and the applicable AAA Consumer Arbitration Rules in effect when the Claim is filed ("AAA Rules"), except where those rules conflict with this arbitration provision. You can obtain copies of the AAA Rules at the AAA’s website (www.adr.org). You or we may choose to have a hearing, appear at any hearing by phone or other electronic means, and/or be represented by counsel. Any in-person hearing will be held in the same city as the U.S. District Court closest to your billing address.

- Either you or we may apply to a court for emergency, temporary or preliminary injunctive relief or an order in aid of arbitration (i) prior to the appointment of an arbitrator or (ii) after the arbitrator makes a final award and closes the arbitration. Once an arbitrator has been appointed until the arbitration is closed, emergency, temporary or preliminary injunctive relief may only be granted by the arbitrator. Either you or we may apply to a court for enforcement of any emergency, temporary or preliminary injunctive relief granted by the arbitrator.

- Arbitration may be compelled at any time by either party, even where there is a pending lawsuit in court, unless a trial has begun or a final judgment has been entered. Neither you nor we waive the right to arbitrate by filing or serving a complaint, answer, counterclaim, motion, or discovery in a court lawsuit. To invoke arbitration, a party may file a motion to compel arbitration in a pending matter and/or commence arbitration by submitting the required AAA forms and requisite filing fees to the AAA.

- The arbitration shall be conducted by a single arbitrator in accordance with this arbitration provision and the AAA Rules, which may limit discovery. The arbitrator shall not apply any federal or state rules of civil procedure for discovery, but the arbitrator shall honor claims of privilege recognized at law and shall take reasonable steps to protect plan information and other confidential information of either party if requested to do so. The parties agree that the scope of discovery will be limited to non-privileged information that is relevant to the Claim, and consistent with the parties’ intent, the arbitrator shall ensure that allowed discovery is reasonable in scope, cost-effective and non-onerous to either party. The arbitrator shall apply the FAA and other applicable substantive law not inconsistent with the FAA, and may award damages or other relief under applicable law.

- The arbitrator shall make any award in writing and, if requested by you or us, may provide a brief written statement of the reasons for the award. An arbitration award shall decide the rights and obligations only of the parties named in the arbitration and shall not have any bearing on any other person or dispute.
Questions of Arbitrability

You and we mutually agree that the arbitrator, and not a court, will decide in the first instance all questions of substantive arbitrability, including without limitation the validity of this Section, whether you and we are bound by it, and whether this Section applies to a particular Claim.

Claims Excluded By Applicable Law

If an arbitrator determines a particular Claim is excluded from arbitration by federal or state law, you and we agree that the following terms will apply to any legal or equitable action brought in court because of such Claim:

- You shall not bring any legal or equitable action against us because of a health benefit claim under this plan, or because of the alleged breach of this plan, more than two years after the end of the calendar year in which the services or supplies were provided.
- Any action brought because of a Claim under this plan will be litigated in the state or federal courts located in the state of Iowa and in no other.
- YOU AND WE BOTH WAIVE ANY RIGHT TO A JURY TRIAL WITH RESPECT TO AND IN ANY CLAIM.
- FURTHER, YOU AND WE BOTH WAIVE ANY RIGHT TO SEEK OR RECOVER PUNITIVE OR EXEMPLARY DAMAGES WITH RESPECT TO ANY CLAIM.

Survival and Severability of Terms

This Arbitration and Legal Action section will survive termination of the plan. If any portion of this provision is deemed invalid or unenforceable under any law or statute it will not invalidate the remaining portions of this Arbitration and Legal Action section or the plan. To the extent a Claim qualifies for mandatory arbitration and there is a conflict or inconsistency between the AAA Rules
and this *Arbitration and Legal Action*
section, this *Arbitration and Legal Action*
section will govern.

Contract
The conditions of your coverage are defined in your contract. Your contract includes:

- Any application you submitted to us or to your employer or group sponsor.
- Any agreement or group policy we have with your employer or group sponsor.
- Any application completed by your employer or group sponsor.
- This summary plan description and any riders or amendments.

All of the statements made by you or your employer or group sponsor in any of these materials will be treated by us as representations, not warranties.

Interpreting this Summary Plan Description
We will interpret the provisions of this summary plan description and determine the answer to all questions that arise under it. We have the administrative discretion to determine whether you meet our written eligibility requirements, or to interpret any other term in this summary plan description. If any benefit described in this summary plan description is subject to a determination of medical necessity, unless otherwise required by law, we will make that factual determination. Our interpretations and determinations are final and conclusive, subject to the appeal procedures outlined earlier in this summary plan description.

There are certain rules you must follow in order for us to properly administer your benefits. Different rules appear in different sections of your summary plan description. You should become familiar with the entire document.

Plan Year
The Plan Year has been designated and communicated to Wellmark by your group health plan’s plan sponsor or plan administrator as the twelve month period commencing on the effective date of your group health plan’s annual renewal with Wellmark.

Authority to Terminate, Amend, or Modify
Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this summary plan description at any time. Any amendment or modification will be in writing and will be as binding as this summary plan description. If your contract is terminated, you may not receive benefits.

Authorized Group Benefits Plan Changes
No agent, employee, or representative of ours is authorized to vary, add to, change, modify, waive, or alter any of the provisions described in this summary plan description. This summary plan description cannot be changed except by one of the following:

- Written amendment signed by an authorized officer and accepted by you or your employer or group sponsor.
- Our receipt of proper notification that an event has changed your spouse or dependent's eligibility for coverage. See Coverage Changes and Termination, page 61.

Authorized Representative
You may authorize another person to represent you and with whom you want us to communicate regarding specific claims or an appeal. This authorization must be in writing, signed by you, and include all the information required in our Authorized Representative Form. This form is available at Wellmark.com or by calling the Customer Service number on your ID card.

In a medically urgent situation your treating health care practitioner may act as your
authorized representative without completion of the Authorized Representative Form.

An assignment of benefits, release of information, or other similar form that you may sign at the request of your health care provider does not make your provider an authorized representative. You may authorize only one person as your representative at a time. You may revoke the authorized representative at any time.

**Release of Information**

By enrolling in this group health plan, you have agreed to release any necessary information requested about you so we can process claims for benefits.

You must allow any provider, facility, or their employee to give us information about a treatment or condition. If we do not receive the information requested, or if you withhold information, your benefits may be denied. If you fraudulently use your coverage or misrepresent or conceal material facts when providing information, then we may terminate your coverage under this group health plan.

**Privacy of Information**

Your employer or group sponsor is required to protect the privacy of your health information. It is required to request, use, or disclose your health information only as permitted or required by law. For example, your employer or group sponsor has contracted with Wellmark to administer this group health plan and Wellmark will use or disclose your health information for treatment, payment, and health care operations according to the standards and specifications of the federal privacy regulations.

**Treatment**

We may disclose your health information to a physician or other health care provider in order for such health care provider to provide treatment to you.

**Payment**

We may use and disclose your health information to pay for covered services from physicians, hospitals, and other providers, to determine your eligibility for benefits, to coordinate benefits, to determine medical necessity, to obtain payment from your employer or group sponsor, to issue explanations of benefits to the person enrolled in the group health plan in which you participate, and the like. We may disclose your health information to a health care provider or entity subject to the federal privacy rules so they can obtain payment or engage in these payment activities.

**Health Care Operations**

We may use and disclose your health information in connection with health care operations. Health care operations include, but are not limited to, determining payment and rates for your group health plan; quality assessment and improvement activities; reviewing the competence or qualifications of health care practitioners, evaluating provider performance, conducting training programs, accreditation, certification, licensing, or credentialing activities; medical review, legal services, and auditing, including fraud and abuse detection and compliance; business planning and development; and business management and general administrative activities.

**Other Disclosures**

Your employer or group sponsor or Wellmark is required to obtain your explicit authorization for any use or disclosure of your health information that is not permitted or required by law. For example, we may release claim payment information to a friend or family member to act on your behalf during a hospitalization if you submit an authorization to release information to that person. If you give us an authorization, you may revoke it in writing at any time. Your revocation will not affect any use or disclosures permitted by your authorization while it was in effect.
Member Health Support Services
Wellmark may from time to time make available to you certain health support services (such as disease management), for a fee or for no fee. Wellmark may offer financial and other incentives to you to use such services. As a part of the provision of these services, Wellmark may:

- Use your personal health information (including, but not limited to, substance abuse, mental health, and HIV/AIDS information); and
- Disclose such information to your health care providers and Wellmark's health support service vendors, for purposes of providing such services to you.

Wellmark will use and disclose information according to the terms of our Privacy Practices Notice, which is available upon request or at Wellmark.com.

Value Added or Innovative Benefits
Wellmark may, from time to time, make available to you certain value added or innovative benefits for a fee or for no fee. Examples include Blue365®, identity theft protections, and discounts on alternative/preventive therapies, fitness, exercise and diet assistance, and elective procedures as well as resources to help you make more informed health decisions. Wellmark may also provide rewards or incentives under this plan if you participate in certain voluntary wellness activities or programs that encourage healthy behaviors. Your employer is responsible for any income and employment tax withholding, depositing and reporting obligations that may apply to the value of such rewards and incentives.

Value-Based Programs
Value-based programs involve local health care organizations that are held accountable for the quality and cost of care delivered to a defined population. Value-based programs can include accountable care organizations (ACOs), patient centered medical homes (PCMHs), and other programs developed by Wellmark, the Blue Cross Blue Shield Association, or other Blue Cross Blue Shield health plans (“Blue Plans”). Wellmark and Blue Plans have entered into collaborative arrangements with value-based programs under which the health care providers participating in them are eligible for financial incentives relating to quality and cost-effective care of Wellmark and/or Blue Plan members. If your physician, hospital, or other health care provider participates in the Wellmark ACO program or other value-based program, Wellmark may make available to such health care providers your health care information, including claims information, for purposes of helping support their delivery of health care services to you.

Nonassignment
Except as required by law, benefits for covered services under this group health plan are for your personal benefit and cannot be transferred or assigned to anyone else without our consent. Whether made before or after services are provided, you are prohibited from assigning any claim. You are further prohibited from assigning any cause of action arising out of or relating to this group health plan. Any attempt to assign this group health plan, even if assignment includes the provider’s rights to receive payment, will be null and void. Nothing contained in this group health plan shall be construed to make the health plan or Wellmark liable to any third party to whom a member may be liable for medical care, treatment, or services.

Governing Law
To the extent not superseded by the laws of the United States, the group health plan will be construed in accordance with and governed by the laws of the state of Iowa.
**Medicaid Enrollment and Payments to Medicaid**

**Assignment of Rights**  
This group health plan will provide payment of benefits for covered services to you, your beneficiary, or any other person who has been legally assigned the right to receive such benefits under requirements established pursuant to Title XIX of the Social Security Act (Medicaid).

**Enrollment Without Regard to Medicaid**  
Your receipt or eligibility for medical assistance under Title XIX of the Social Security Act (Medicaid) will not affect your enrollment as a participant or beneficiary of this group health plan, nor will it affect our determination of any benefits paid to you.

**Acquisition by States of Rights of Third Parties**  
If payment has been made by Medicaid and Wellmark has a legal obligation to provide benefits for those services, Wellmark will make payment of those benefits in accordance with any state law under which a state acquires the right to such payments.

**Medicaid Reimbursement**  
When a PPO or Participating provider submits a claim to a state Medicaid program for a covered service and Wellmark reimburses the state Medicaid program for the service, Wellmark’s total payment for the service will be limited to the amount paid to the state Medicaid program. No additional payments will be made to the provider or to you.

**Subrogation**  
For purposes of this “Subrogation” section, “third party” includes, but is not limited to, any of the following:

- The responsible person or that person’s insurer;
- Uninsured motorist coverage;
- Underinsured motorist coverage;
- Personal umbrella coverage;
- Other insurance coverage including, but not limited to, homeowner’s, motor vehicle, or medical payments insurance;
- Any other payment from a source intended to compensate you for injuries resulting from an accident or alleged negligence.

**Right of Subrogation**  
If you or your legal representative have a claim to recover money from a third party and this claim relates to an illness or injury for which this group health plan provides benefits, we, on behalf of your employer or group sponsor, will be subrogated to you and your legal representative’s rights to recover from the third party as a condition to your receipt of benefits.

**Right of Reimbursement**  
If you have an illness or injury as a result of the act of a third party or arising out of obligations you have under a contract and you or your legal representative files a claim under this group health plan, as a condition of receipt of benefits, you or your legal representative must reimburse us for all benefits paid for the illness or injury from money received from the third party or its insurer, or under the contract, to the extent of the amount paid by this group health plan on the claim.

Once you receive benefits under this group health plan arising from an illness or injury, we will assume any legal rights you have to collect compensation, damages, or any other payment related to the illness or injury from any third party.

You agree to recognize our rights under this group health plan to subrogation and reimbursement. These rights provide us with a priority over any money paid by a third party to you relative to the amount paid by this group health plan, including priority over any claim for nonmedical charges, or other costs and expenses. We will assume all rights of recovery, to the extent of payment made under this group health plan, regardless of whether payment
is made before or after settlement of a third party claim, and regardless of whether you have received full or complete compensation for an illness or injury.

**Procedures for Subrogation and Reimbursement**

You or your legal representative must do whatever we request with respect to the exercise of our subrogation and reimbursement rights, and you agree to do nothing to prejudice those rights. In addition, at the time of making a claim for benefits, you or your legal representative must inform us in writing if you have an illness or injury caused by a third party or arising out of obligations you have under a contract. You or your legal representative must provide the following information, by registered mail, as soon as reasonably practicable of such illness or injury to us as a condition to receipt of benefits:

- The name, address, and telephone number of the third party that in any way caused the illness or injury or is a party to the contract, and of the attorney representing the third party;
- The name, address and telephone number of the third party’s insurer and any insurer of you;
- The name, address and telephone number of your attorney with respect to the third party’s act;
- Prior to the meeting, the date, time and location of any meeting between the third party or his attorney and you, or your attorney;
- All terms of any settlement offer made by the third party or his insurer or your insurer;
- All information discovered by you or your attorney concerning the insurance coverage of the third party;
- The amount and location of any money that is recovered by you from the third party or his insurer or your insurer, and the date that the money was received;
- Prior to settlement, all information related to any oral or written settlement agreement between you and the third party or his insurer or your insurer;
- All information regarding any legal action that has been brought on your behalf against the third party or his insurer; and
- All other information requested by us.

Send this information to:

Wellmark Blue Cross and Blue Shield of Iowa
1331 Grand Avenue, Station 5W580
Des Moines, IA 50309-2901

You also agree to all of the following:

- You will immediately let us know about any potential claims or rights of recovery related to the illness or injury.
- You will furnish any information and assistance that we determine we will need to enforce our rights under this group health plan.
- You will do nothing to prejudice our rights and interests including, but not limited to, signing any release or waiver (or otherwise releasing) our rights, without obtaining our written permission.
- You will not compromise, settle, surrender, or release any claim or right of recovery described above, without obtaining our written permission.
- If payment is received from the other party or parties, you must reimburse us to the extent of benefit payments made under this group health plan.
- In the event you or your attorney receive any funds in compensation for your illness or injury, you or your attorney will hold those funds (up to and including the amount of benefits paid under this group health plan in connection with the illness or injury) in trust for the benefit of this group health plan as trustee(s) for us until the extent of our right to reimbursement or subrogation has been resolved.
- In the event you invoke your rights of recovery against a third-party related to
the illness or injury, you will not seek an advancement of costs or fees from us.

- The amount of our subrogation interest shall be paid first from any funds recovered on your behalf from any source, without regard to whether you have been made whole or fully compensated for your losses, and the “make whole” rule is specifically rejected and inapplicable under this group health plan.

- We will not be liable for payment of any share of attorneys’ fees or other expenses incurred in obtaining any recovery, except as expressly agreed in writing, and the “common fund” rule is specifically rejected and inapplicable under this group health plan.

It is further agreed that in the event that you fail to take the necessary legal action to recover from the responsible party, we shall have the option to do so and may proceed in its name or your name against the responsible party and shall be entitled to the recovery of the amount of benefits paid under this group health plan and shall be entitled to recover its expenses, including reasonable attorney fees and costs, incurred for such recovery.

In the event we deem it necessary to institute legal action against you if you fail to repay us as required in this group health plan, you shall be liable for the amount of such payments made by us as well as all of our costs of collection, including reasonable attorney fees and costs.

You hereby authorize the deduction of any excess benefit received or benefits that should not have been paid, from any present or future compensation payments.

You and your covered family member(s) must notify us if you have the potential right to receive payment from someone else. You must cooperate with us to ensure that our rights to subrogation are protected.

Our right of subrogation and reimbursement under this group health plan applies to all rights of recovery, and not only to your right to compensation for medical expenses. A settlement or judgment structured in any manner not to include medical expenses, or an action brought by you or on your behalf which fails to state a claim for recovery of medical expenses, shall not defeat our rights of subrogation and reimbursement if there is any recovery on your claim.

We reserve the right to offset any amounts owed to us against any future claim payments.

**Workers’ Compensation**

If you have received benefits under this group health plan for an injury or condition that is the subject or basis of a workers’ compensation claim (whether litigated or not), we are entitled to reimbursement to the extent benefits are paid under this plan in the event that your claim is accepted or adjudged to be covered under workers’ compensation.

Furthermore, we are entitled to reimbursement from you to the full extent of benefits paid out of any proceeds you receive from any workers’ compensation claim, regardless of whether you have been made whole or fully compensated for your losses, regardless of whether the proceeds represent a compromise or disputed settlement, and regardless of any characterization of the settlement proceeds by the parties to the settlement. We will not be liable for any attorney’s fees or other expenses incurred in obtaining any proceeds for any workers’ compensation claim.

We utilize industry standard methods to identify claims that may be work-related. This may result in initial payment of some claims that are work-related. We reserve the right to seek reimbursement of any such claim or to waive reimbursement of any claim, at our discretion.

**Payment in Error**

If for any reason we make payment in error, we may recover the amount we paid.
If we determine we did not make full payment, Wellmark will make the correct payment without interest.

For up to a 30-day supply

10% with a $75 max per fill
**Note:** The Medicare Prescription Drug Improvement and Modernization Act of 2003 provides all Medicare-eligible individuals the opportunity to obtain Prescription Drug coverage through Medicare. A Medicare-eligible individual generally must pay an additional monthly premium for this coverage. In addition, electing Medicare Part D may affect your ability to obtain Prescription coverage under this Plan. Individuals may be able to postpone enrollment in the Medicare Prescription Drug coverage if their current drug coverage is at least as good as Medicare Prescription Drug coverage. If individuals decline Medicare Prescription Drug coverage and do not have coverage at least as good as Medicare Prescription Drug coverage, they may have to pay additional monthly penalties if they change their minds and sign up later. Medicare-eligible individuals should have received notices informing them of whether or not their current Prescription Drug coverage provides benefits that are at least as good as benefits provided by the Medicare Prescription Drug coverage and explaining whether or not election of Medicare Part D will affect coverage available under this Plan. For a copy of this notice, please contact the Plan Administrator.

**Covered Drugs**

Your Prescription Drug benefit provides coverage for most commonly used drugs that are Federal Legend Drugs. Federal Legend Drugs are drugs that require a label stating, “Caution: Federal law prohibits dispensing without a Prescription.” Your pharmacist or the prescribing Physician can verify coverage for a drug by contacting the Pharmacy Benefit Manager (PBM), Navitus Health Solutions, at 1-866-333-2757. A complete list of covered and excluded drugs is available on the Pharmacy Benefit Manager’s web site, using the secure member portal. The portal can be found at www.navitus.com. Click on Portal Login>Member Portal> Login. You will need a member ID to log into the portal. Please call 1-866-333-2757 to receive an individual member ID number. If you are unable to access the web site, your employer will provide a copy upon request at no charge.

Some medications require a prior authorization from Navitus Health Solutions. Prescribers may access prior authorization forms at www.navitus.com. Click on Portal Login> Prescriber Portal> Login. You must pay the difference in cost between a generic drug and a brand-name drug when the medical professional has not specified a brand-name drug or has not indicated that the brand-name drug is necessary.

**Excluded Drugs**

Certain medications are excluded from coverage by the Prescription Drug benefit. For a complete, up-to-date list of coverage, please call Navitus Health Solutions at 1-866-333-2757 or log on to the secure member portal as outlined above. The following medications are excluded from coverage:

- Diabetic Insulin Pumps and Pump Supplies (these items may be covered through the medical benefit)
- Anti-wrinkle Agents
- Hair Growth Stimulants
- Weight Loss Medications
• OTC (over-the-counter) Medications (Select OTC products that offer the lowest cost option may be covered by the Prescription Benefit with a valid prescription. For an up-to-date list, contact Navitus Health Solutions at 1-866-333-2757 or log on to the secure member portal as outlined above.)

**Participating Pharmacies**
Your Prescription Drug benefit provides an extensive list of participating retail pharmacies. For assistance in locating a participating pharmacy call Navitus Health Solutions at 1-866-333-2757 or log on to the secure member portal as outlined above.

**How To Use The Prescription Drug Card**
Present Your UMR provided Medical ID card and the Prescription to a Participating Pharmacy. Then sign the pharmacist’s voucher and pay the pharmacist the appropriate Co-pay amount, if applicable. If You are without your UMR provided medical ID card, or if you are at a non-Participating Pharmacy, you may be required to pay for the Prescription and submit a claim to the PBM. Please contact the PBM or your employer for information on how to submit a claim.

**Mail-Order Drug Service**
If You are using an ongoing Prescription drug, you may purchase that drug on a mail-order basis. Most drugs covered by the PBM may also be purchased by mail order. The mail-order drug service is most often used to purchase drugs that treat an ongoing medical condition and are taken on a regular basis.

Mail-order Prescriptions should be sent to Kroger Mail Order Postal Prescription Services. You may sign up online at www.ppsrx.com or by calling 1-800-552-6694. Please allow 10 to 14 calendar days from the day you submit your order to receive your medication(s).

Navitus SpecialtyRx serves members who are taking medicine(s) for certain chronic illnesses or complex diseases such as rheumatoid arthritis, multiple sclerosis, cancer, and hepatitis C. You may fill these prescriptions at Luminicera Health Services (www.luminicera.com). To order new prescriptions from Luminicera Health Services, call a Patient Care Specialist at 1-855-847-3553 to get started.

**NOTE:** Per its service agreement with its PBM, Navitus, the Plan offers the Navi-Gate Copay Max Program for certain specialty drugs included in the specialty tier and dispensed only through the specialty pharmacy, Luminicera. This program will properly manage your expenses for eligible specialty medications while also lowering the Plan’s overall cost, if copay assistance is available. Only the amount you actually pay out-of-pocket will apply to your prescription out-of-pocket maximum. If a specialty drug does not qualify or is removed from the program, your copay will default to the formulary’s current tiered co-insurance/copay.

Use of a non-participating pharmacy requires payment for the prescription up front. The person may then submit a claim for reimbursement with a receipt to Navitus Health Solutions from reimbursement. Reimbursement for covered prescription drugs will be based on lowest contracted amount of a participating pharmacy minus any applicable deductible and/or retail copay shown in the Schedule.

The deductible and/or copay may not apply to preventive Prescription and over-the-counter products and contraceptives.

Pharmacy expenses that the person incurs do not apply toward the out-of-pocket maximum of this Plan.
