

MealViewer

- Allergy Menu

[Schools.mealviewer.com/results/iowacity](https://schools.mealviewer.com/results/iowacity)

- Select a school (Elementary menus will be the same throughout the district.)
- To skip creating a profile, click the “x” on the popup box
- Click on the print icon (right hand corner)
- Select the meal you want (breakfast or lunch)
- Select the month you want
- Click on the “hide” tab by allergens to change it to show
- Select the allergen you want to view
- Print

You can unselect one allergen and then select another to print for different students with different allergens.

You can also select multiple allergens at once if a student has more than one allergy.
