### EXHIBIT A INITIAL INFORMATION

#### ARTICLE 1 INITIAL INFORMATION

**§ 1.1** This Agreement is based on the Initial Information set forth in this Article 1 and in optional Exhibit A, Initial Information:

(Complete Exhibit A, Initial Information, and incorporate it into the Agreement at Section 13.2, or state below Initial Information such as details of the Project’s site and program, Owner’s contractors and consultants, Architect’s consultants, Owner’s budget for the Cost of the Work, authorized representatives, anticipated procurement method, and other information relevant to the Project.)

See Exhibit A

**§ 1.2** The Owner’s anticipated dates for commencement of construction and Substantial Completion of the Work are set forth below:

1. Commencement of construction date:

   See Exhibit A

2. Substantial Completion date:

   See Exhibit A

**§ 1.3** The Owner and Architect may rely on the Initial Information. Both parties, however, recognize that such information may materially change and, in that event, the Owner and the Architect shall appropriately adjust the schedule, the Architect’s services and the Architect’s compensation.

#### ARTICLE 2 ARCHITECT’S RESPONSIBILITIES

**§ 2.1** The Architect shall provide the professional services as set forth in this Agreement.
§ 2.2 The Architect shall perform its services consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

§ 2.3 The Architect shall identify a representative authorized to act on behalf of the Architect with respect to the Project.

§ 2.4 Except with the Owner’s knowledge and consent, the Architect shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Architect’s professional judgment with respect to this Project.

§ 2.5 The Architect shall maintain the following insurance for the duration of this Agreement. If any of the requirements set forth below exceed the types and limits the Architect normally maintains, the Owner shall reimburse the Architect for any additional cost:

(Identify types and limits of insurance coverage, and other insurance requirements applicable to the Agreement, if any)

1. General Liability
   $1,000,000 each occurrence
   $2,000,000 general aggregate

2. Automobile Liability
   $1,000,000 combined single limit

3. Workers’ Compensation
   $500,000 each accident
   $500,000 disease – each employee
   $500,000 disease – policy limit

4. Professional Liability
   $2,000,000 each claim
   $2,000,000 annual aggregate

ARTICLE 3 SCOPE OF ARCHITECT’S BASIC SERVICES

§ 3.1 The Architect’s Basic Services consist of those described in Article 3 and include usual and customary civil, structural, mechanical, and electrical engineering and food service design services. Services not set forth in this Article 3 are Additional Services.

§ 3.1.1 The Architect shall manage the Architect’s services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner.

§ 3.1.2 The Architect shall coordinate its services with those services provided by the Owner and the Owner’s consultants. The Architect shall be entitled to rely on the accuracy and completeness of services and information furnished by the Owner and the Owner’s consultants. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware of any error, omission or inconsistency in such services or information.

§ 3.1.3 As soon as practicable after the date of this Agreement, the Architect shall submit for the Owner’s approval a schedule for the performance of the Architect’s services. The schedule initially shall include anticipated dates for the commencement of construction and for Substantial Completion of the Work as set forth in the Initial Information. The schedule shall include allowances for periods of time required for the Owner’s review, for the performance of the Owner’s consultants, and for approval of submissions by authorities having jurisdiction over the Project. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by
the Architect or Owner. With the Owner’s approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.4 The Architect shall not be responsible for an Owner’s directive or substitution made without the Architect’s approval.

§ 3.1.5 The Architect shall, at appropriate times, contact the governmental authorities required to approve the Construction Documents and the entities providing utility services to the Project. In designing the Project, the Architect shall respond to applicable design requirements imposed by such governmental authorities and by such entities providing utility services.

§ 3.1.6 The Architect shall assist the Owner in connection with the Owner’s responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

§ 3.2 SCHEMATIC DESIGN PHASE SERVICES

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect’s services.

§ 3.2.2 The Architect shall prepare a preliminary evaluation of the Owner’s program, schedule, budget for the Cost of the Work, Project site, and the proposed procurement or delivery method and other Initial Information, each in terms of the other, to ascertain the requirements of the Project. The Architect shall notify the Owner of (1) any inconsistencies discovered in the information, and (2) other information or consulting services that may be reasonably needed for the Project.

§ 3.2.3 The Architect shall present its preliminary evaluation to the Owner and shall discuss with the Owner alternative approaches to design and construction of the Project, including the feasibility of incorporating environmentally responsible design approaches. The Architect shall reach an understanding with the Owner regarding the requirements of the Project.

§ 3.2.4 Based on the Project’s requirements agreed upon with the Owner, the Architect shall prepare and present for the Owner’s approval a preliminary design illustrating the scale and relationship of the Project components.

§ 3.2.5 Based on the Owner’s approval of the preliminary design, the Architect shall prepare Schematic Design Documents for the Owner’s approval. The Schematic Design Documents shall consist of drawings and other documents including a site plan, if appropriate, and preliminary building plans, sections and elevations; and may include some combination of study models, perspective sketches, or digital modeling. Preliminary selections of major building systems and construction materials shall be noted on the drawings or described in writing.

§ 3.2.5.1 The Architect shall consider environmentally responsible design alternatives, such as material choices and building orientation, together with other considerations based on program and aesthetics, in developing a design that is consistent with the Owner’s program, schedule and budget for the Cost of the Work. The Owner may obtain other environmentally responsible design services under Article 4.

§ 3.2.5.2 The Architect shall consider the value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics, in developing a design for the Project that is consistent with the Owner’s program, schedule and budget for the Cost of the Work.

§ 3.2.6 The Architect shall submit to the Owner an opinion of the probable Cost of the Work prepared in accordance with Section 6.3.

§ 3.2.7 The Architect shall submit the Schematic Design Documents to the Owner, and request the Owner’s approval.

§ 3.3 DESIGN DEVELOPMENT PHASE SERVICES

§ 3.3.1 Based on the Owner’s approval of the Schematic Design Documents, and on the Owner’s authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Design Development Documents for the Owner’s approval. The Design Development Documents shall illustrate and describe the development of the approved Schematic Design Documents and shall consist of drawings and other documents.
including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and such other elements as may be appropriate. The Design Development Documents shall also include outline specifications that identify major materials and systems and establish in general their quality levels.

§ 3.3.2 The Architect shall coordinate with the Owner’s preferred independent cost estimating firm to update the opinion of the probable Cost of the Work.

§ 3.3.3 The Architect shall submit the Design Development Documents to the Owner, advise the Owner of any adjustments to the opinion of the probable Cost of the Work, and request the Owner’s approval.

§ 3.4 CONSTRUCTION DOCUMENTS PHASE SERVICES

§ 3.4.1 Based on the Owner’s approval of the Design Development Documents, and on the Owner’s authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Construction Documents for the Owner’s approval. The Construction Documents shall illustrate and describe the further development of the approved Design Development Documents and shall consist of Drawings and Specifications setting forth in detail the quality levels of materials and systems and other requirements for the construction of the Work. The Owner and Architect acknowledge that in order to construct the Work the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.6.4.

§ 3.4.2 The Architect shall incorporate into the Construction Documents the design requirements of governmental authorities having jurisdiction over the Project.

§ 3.4.3 During the development of the Construction Documents, the Architect shall assist the Owner in the development and preparation of (1) bidding and procurement information that describes the time, place and conditions of bidding, including bidding forms; (2) the form of agreement between the Owner and Contractor; and (3) the Conditions of the Contract for Construction (General, Supplementary and other Conditions). The Architect shall also compile a project manual that includes the Conditions of the Contract for Construction and Specifications and may include bidding requirements and sample forms.

§ 3.4.4 The Architect shall coordinate with the Owner’s preferred independent cost estimating firm to update the opinion of the probable Cost of the Work.

§ 3.4.5 The Architect shall submit the Construction Documents to the Owner, advise the Owner of any adjustments to the opinion of the probable Cost of the Work, take any action required under Section 6.5, and request the Owner’s approval.

§ 3.5 BIDDING PHASE SERVICES

§ 3.5.1 GENERAL

Following the Owner’s approval of the Construction Documents, the Architect shall assist the Owner in (1) obtaining competitive bids; (2) confirming responsiveness of bids; (3) determining the successful bid, if any; and, (4) awarding and preparing contracts for construction.

§ 3.5.2 COMPETITIVE BIDDING

§ 3.5.2.1 Bidding Documents shall consist of bidding requirements and proposed Contract Documents.

§ 3.5.2.2 The Architect shall assist the Owner in bidding the Project by

.1 procuring the reproduction of Bidding Documents for distribution to prospective bidders;
.2 distributing the Bidding Documents to prospective bidders, requesting their return upon completion of the bidding process, and maintaining a log of distribution and retrieval and of the amounts of deposits, if any, received from and returned to prospective bidders;
.3 organizing and conducting a pre-bid conference for prospective bidders;
.4 preparing responses to questions from prospective bidders and providing clarifications and interpretations of the Bidding Documents to all prospective bidders in the form of addenda; and
.5 organizing and conducting the opening of the bids, and subsequently documenting and distributing the bidding results, as directed by the Owner.
§ 3.5.2.3 The Architect shall consider requests for substitutions, if the Bidding Documents permit substitutions, and shall prepare and distribute addenda identifying approved substitutions to all prospective bidders.

(Paragraphs deleted)

§ 3.6 CONSTRUCTION PHASE SERVICES

§ 3.6.1 GENERAL

§ 3.6.1.1 The Architect shall administer the Contract between the Owner and the Contractor as set forth below and in AIA Document A201™-2007, General Conditions of the Contract for Construction. If the Owner and Contractor modify AIA Document A201-2007, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.6.1.2 The Architect shall advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not control over, charge of, and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.6.1.3 Subject to Section 4.3, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date the Architect issues the final Certificate for Payment.

§ 3.6.2 EVALUATIONS OF THE WORK

§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.3.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and report to the Owner (1) known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor, and (2) defects and deficiencies observed in the Work.

§ 3.6.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not such Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, material and equipment suppliers, their agents or employees or other persons or entities performing portions of the Work.

§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and decisions of the Architect shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith. The Architect's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

User Notes:
§ 3.6.2.5 Unless the Owner and Contractor designate another person to serve as an Initial Decision Maker, as that term is defined in AIA Document A201-2007, the Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.6.3 CERTIFICATES FOR PAYMENT TO CONTRACTOR

§ 3.6.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated and that the quality of the Work is in accordance with the Contract Documents. The foregoing representations are subject (1) to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) to results of subsequent tests and inspections, (3) to correction of minor deviations from the Contract Documents prior to completion, and (4) to specific qualifications expressed by the Architect.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quantity or quality of the Work, (2) reviewed construction methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and material suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 The Architect shall maintain a record of the Applications and Certificates for Payment.

§ 3.6.4 SUBMITTALS

§ 3.6.4.1 The Architect shall review the Contractor's submittal schedule and shall not unreasonably delay or withhold approval. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review.

§ 3.6.4.2 In accordance with the Architect-approved submittal schedule, the Architect shall review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review Shop Drawings and other submittals related to the Work designed or certified by the design professional retained by the Contractor that bear such professional's seal and signature when submitted to the Architect. The Architect shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals.

§ 3.6.4.4 Subject to the provisions of Section 4.3, the Architect shall review and respond to requests for information about the Contract Documents. The Architect shall set forth in the Contract Documents the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness. If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to requests for information.

§ 3.6.4.5 The Architect shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.
§ 3.6.5 CHANGES IN THE WORK
§ 3.6.5.1 The Architect may authorize minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to the provisions of Section 4.3, the Architect shall prepare Change Orders and Construction Change Directives for the Owner’s approval and execution in accordance with the Contract Documents.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work.

§ 3.6.6 PROJECT COMPLETION
§ 3.6.6.1 The Architect shall conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion; receive from the Contractor and forward to the Owner, for the Owner’s review and records, written warranties and related documents required by the Contract Documents and assembled by the Contractor; and issue a final Certificate for Payment based upon a final inspection indicating the Work complies with the requirements of the Contract Documents.

§ 3.6.6.2 The Architect’s inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list submitted by the Contractor of Work to be completed or corrected.

§ 3.6.6.3 When the Work is found to be substantially complete, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work.

§ 3.6.6.4 The Architect shall forward to the Owner the following information received from the Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Contractor under the Contract Documents.

§ 3.6.6.5 Upon request of the Owner, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

ARTICLE 4 ADDITIONAL SERVICES
§ 4.1 Additional Services listed below are not included in Basic Services but may be required for the Project. The Architect shall provide the listed Additional Services only if specifically designated in the table below as the Architect’s responsibility, and the Owner shall compensate the Architect as provided in Section 11.2. (Designate the Additional Services the Architect shall provide in the second column of the table below. In the third column indicate whether the service description is located in Section 4.2 or in an attached exhibit. If in an exhibit, identify the exhibit.)

§ 4.2 Insert a description of each Additional Service designated in Section 4.1 as the Architect’s responsibility, if not further described in an exhibit attached to this document.

See Exhibit A

§ 4.3 Additional Services may be provided after execution of this Agreement, without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.3 shall entitle the Architect to compensation pursuant to Section 11.3 and an appropriate adjustment in the Architect’s schedule.

§ 4.3.1 Upon recognizing the need to perform the following Additional Services, the Architect shall notify the Owner with reasonable promptness and explain the facts and circumstances giving rise to the need. The Architect shall not proceed to provide the following services until the Architect receives the Owner’s written authorization:

1. Services necessitated by a change in the Initial Information, previous instructions or approvals given by the Owner, or a material change in the Project including, but not limited to, size, quality, complexity, the Owner's schedule or budget for Cost of the Work, or procurement or delivery method;

2. Services necessitated by the Owner's request for extensive environmentally responsible design alternatives, such as unique system designs, in-depth material research, energy modeling, or LEED® certification;

3. Changing or editing previously prepared Instruments of Service necessitated by the enactment or revision of codes, laws or regulations or official interpretations;

4. Services necessitated by decisions of the Owner not rendered in a timely manner or any other failure of performance on the part of the Owner or the Owner's consultants or contractors;

5. Preparing digital data for transmission to the Owner’s consultants and contractors, or to other Owner authorized recipients;

6. Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

7. Preparation for, and attendance at a dispute resolution proceeding or legal proceeding, except where the Architect is party thereto;

(Paragraph deleted)

8. Consultation concerning replacement of Work resulting from fire or other cause during construction.

§ 4.3.2 To avoid delay in the Construction Phase, the Architect shall provide the following Additional Services, notify the Owner with reasonable promptness, and explain the facts and circumstances giving rise to the need. If the Owner
subsequently determines that all or parts of those services are not required, the Owner shall give prompt written notice to the Architect, and the Owner shall have no further obligation to compensate the Architect for those services:

1. Reviewing a Contractor's submittal out of sequence from the submittal schedule agreed to by the Architect;
2. Responding to the Contractor's requests for information that are not prepared in accordance with the Contract Documents or where such information is available to the Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner-provided information, Contractor-prepared coordination drawings, or prior Project correspondence or documentation;
3. Preparing Change Orders and Construction Change Directives that require evaluation of Contractor's proposals and supporting data, or the preparation or revision of Instruments of Service;
4. Evaluating an extensive number of Claims as the Initial Decision Maker;
5. Evaluating substitutions proposed by the Owner or Contractor and making subsequent revisions to Instruments of Service resulting therefrom; or
6. To the extent the Architect's Basic Services are affected, providing Construction Phase Services 60 days after (1) the date of Substantial Completion of the Work or (2) the anticipated date of Substantial Completion identified in Initial Information, whichever is earlier.

§ 4.3.3 The Architect shall provide Construction Phase Services exceeding the limits set forth below as Additional Services. When the limits below are reached, the Architect shall notify the Owner:
1. Two (2) reviews of each Shop Drawing, Product Data item, sample and similar submittal of the Contractor
2. One (1) site visit every two (2) weeks by the Architect over the duration of the Project during construction
3. Two (2) inspections for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents
4. Two (2) inspections for any portion of the Work to determine final completion

§ 4.3.4 If the services covered by this Agreement have not been completed within twenty-four (24) months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

ARTICLES OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner's objectives, schedule, constraints and criteria, including space requirements and relationships, flexibility, expandability, special equipment, systems and site requirements. Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of or enforce lien rights.

§ 5.2 The Owner shall establish and periodically update the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and (3) reasonable contingencies related to all of these costs. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.

§ 5.4 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions and necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including invert and depths. All the information on the survey shall be referenced to a Project benchmark.
§ 5.5 The Owner shall furnish services of geotechnical engineers, which may include but are not limited to test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 5.6 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants maintain professional liability insurance as appropriate to the services provided.

§ 5.7 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.8 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.9 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.10 Except as otherwise provided in this Agreement, or when direct communications have been specially authorized, the Owner shall endeavor to communicate with the Contractor and the Architect's consultants through the Architect about matters arising out of or relating to the Contract Documents. The Owner shall promptly notify the Architect of any direct communications that may affect the Architect's services.

§ 5.11 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.12 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work does not include the compensation of the Architect, the costs of the land, rights-of-way, financing, contingencies for changes in the Work or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and may be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, the preliminary opinions of the probable Cost of the Work and updated opinions of the probable Cost of the Work prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids will not vary from the Owner's budget for the Cost of the Work or from any opinions of the probable Cost of the Work or evaluation prepared or agreed to by the Architect.

§ 6.3 In preparing opinions of the probable Cost of Work, the Architect shall be permitted to include contingencies for design, bidding and price escalation; to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents; to make reasonable adjustments in the program and scope of the Project; and to include in the Contract Documents alternate bids as may be necessary to adjust the opinion of the probable Cost of the Work to meet the Owner's budget for the Cost of the Work. The Architect's opinion of the probable Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requests detailed cost estimating services, the Architect shall provide such services as an Additional Service under Article 4.
§ 6.4 If the Bidding or Negotiation Phase has not commenced within 90 days after the Architect submits the
Construction Documents to the Owner, through no fault of the Architect, the Owner’s budget for the Cost of the Work
shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect’s opinion of the probable Cost of the Work exceeds the Owner’s budget for the Cost
of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project’s size, quality
or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner’s budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services
is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

1. give written approval of any increase in the budget for the Cost of the Work;
2. authorize rebidding or renegotiating of the Project within a reasonable time;
3. terminate in accordance with Section 9.5;
4. in consultation with the Architect, revise the Project program, scope, or quality as required to reduce
   the Cost of the Work; or
5. implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect, without additional compensation, shall
modify the Construction Documents as necessary to comply with the Owner’s budget for the Cost of the Work at the
conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. The
Architect’s modification of the Construction Documents shall be the limit of the Architect’s responsibility under this
Article 6.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the
transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit
such information for its use on the Project. If the Owner and Architect intend to transmit Instruments of Service or any
other information or documentation in digital form, they shall endeavor to establish necessary protocols governing
such transmissions.

§ 7.2 The Architect and the Architect’s consultants shall be deemed the authors and owners of their respective
Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and
other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official
regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in
derogation of the reserved rights of the Architect and the Architect’s consultants.

§ 7.3 Upon execution of this Agreement, the Architect grants to the Owner an irrevocable, nonexclusive license to use
the Architect’s Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering
and adding to the Project, provided that the Owner substantially performs its obligations, including prompt payment of
all sums when due, under this Agreement. The Architect shall obtain similar nonexclusive licenses from the
Architect’s consultants consistent with this Agreement. The license granted under this section permits the Owner to
authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the
Owner’s consultants and separate contractors, to reproduce applicable portions of the Instruments of Service solely
and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this
Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the author of the Instruments of
Service, the Owner releases the Architect and Architect’s consultant(s) from all claims and causes of action arising
from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the
Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of
action asserted by any third person or entity to the extent such costs and expenses arise from the Owner’s use of the
Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully
terminates this Agreement for cause under Section 9.4.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied
under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license

ARTICLE 8 CLAIMS AND DISPUTES
§ 8.1 GENERAL
§ 8.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to this Agreement in accordance with the requirements of the method of binding dispute resolution selected in this Agreement within the period specified by applicable law, but in any case not more than fifteen (15) years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to proceed under such insurance as set forth in AIA Document A201 – 2007, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents and employees of any of them similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party’s termination of this Agreement, except as specifically provided in Section 9.7.

§ 8.2 MEDIATION
§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect’s services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation. Owner and Architect shall make all reasonable efforts to agree upon a procedure for mediation. Mediation shall be subject to the provisions of Chapter 679C of the Code of Iowa (2013). A request for mediation shall be made in writing, delivered to the other party to the Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order.

§ 8.2.3 The parties shall share the mediator’s fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.4 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

(If the Owner and Architect do not select a method of binding dispute resolution below, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.)

[ ] Arbitration pursuant to Section 8.3 of this Agreement

[X ] Litigation in a court of competent jurisdiction

[ ] Other (Specify)
ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect’s option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days’ written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Architect shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect’s services. The Architect’s fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect’s services. The Architect’s fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days’ written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days’ written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days’ written notice to the Architect for the Owner’s convenience and without cause.

§ 9.6 In the event of termination not the fault of the Architect, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due.

(Paragraphs deleted)

§ 9.7 The Owner’s rights to use the Architect’s Instruments of Service in the event of a termination of the Agreement are set forth in Architect 7 and Section 11.9.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2007, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner’s rights and obligations under this Agreement.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.
§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project.

§ 10.8 If the Architect or Owner receives information specifically designated by the other party as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except (1) its employees, (2) those who need to know the content of such information in order to perform services or construction solely and exclusively for the Project, or (3) its consultants and contractors whose contracts include similar restrictions on the use of confidential information or legal or regulatory compliance.

ARTICLE 11 COMPENSATION

§ 11.1 For the Architect's Basic Services described under Article 3, the Owners shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation.)

A Fixed Fee based on 6.21% of the Cost of Construction. See Exhibit A

§ 11.2 For Additional Services designated in Section 4.1, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation. If necessary, list specific services to which particular methods of compensation apply.)

Hourly per Exhibit A

§ 11.3 For Additional Services that may arise during the course of the Project, including those under Section 4.3, the Owner shall compensate the Architect as follows:

(Insert amount of, or basis for, compensation)

Hourly per Exhibit A

§ 11.4 Compensation for Additional Services of the Architect's consultants when not included in Section 11.2 or 11.3, shall be the amount invoiced to the Architect plus zero percent (0.00%), or as otherwise stated below:

§ 11.5 Where compensation for Basic Services is based on a stipulated sum or percentage of the Cost of the Work, the compensation for each phase of services shall be as follows:

<table>
<thead>
<tr>
<th>Phase</th>
<th>Percentage (%)</th>
</tr>
</thead>

§ 11.8 COMPENSATION FOR REIMBURSABLE EXPENSES

§ 11.8.1 Reimbursable Expenses are in addition to compensation for Basic and Additional Services and include expenses incurred by the Architect and the Architect's consultants directly related to the Project, as follows:

1. Long distance services, dedicated data and communication services, teleconferences, Project Web sites, and extranets;
2. Fees paid for securing approval of authorities having jurisdiction over the Project;
3. Printing, reproductions, plots, standard form documents;

(Paragraph deleted)
4. Postage or overnight courier only if justified by Owner's scheduling;
5. Expense of overtime work requiring higher than regular rates, if authorized in advance by the Owner;
6. Renderings, models, mock-ups, professional photography, and presentation materials requested by the Owner;
7. Architect's Consultant's expense of professional liability insurance dedicated exclusively to this Project, or the expense of additional insurance coverage or limits if the Owner requests such insurance in excess of that normally carried by the Architect's consultants; and

(Paragraph deleted)
8. Site office expenses.

§ 11.8.2 For Reimbursable Expenses the compensation shall be the expenses incurred by the Architect and the Architect's consultants plus zero percent (0.00%) of the expenses incurred.

§ 11.9 COMPENSATION FOR USE OF ARCHITECT'S INSTRUMENTS OF SERVICE

If the Owner terminates the Architect for its convenience under Section 9.5 or the Architect terminates this Agreement under Section 9.3, the Owner shall pay a licensing fee as compensation for the Owner's continued use of the Architect's Instruments of Service solely for purposes of completing, using and maintaining the Project as follows:

None

§ 11.10 PAYMENTS TO THE ARCHITECT

§ 11.10.1 An initial payment of Zero Dollars and Cents ($ 0.00) shall be made upon execution of this Agreement and is the minimum payment under this Agreement. It shall be credited to the Owner's account in the final invoice.

§ 11.10.2 Unless otherwise agreed, payments for services shall be made monthly in proportion to services performed. Payments are due and payable upon presentation of the Architect's invoice. Amounts unpaid thirty-one (31) days after the invoice date shall bear interest equal to the rate specified by rule pursuant to Iowa Code Section 74A.2.

§ 11.10.3 The Owner shall not withhold amounts from the Architect's compensation to impose a penalty or liquidated damages on the Architect, or to offset sums requested by or paid to contractors for the cost of changes in the Work unless the Architect agrees or has been found liable for the amounts in a binding dispute resolution proceeding.

§ 11.10.4 Records of Reimbursable Expenses, expenses pertaining to Additional Services, and services performed on the basis of hourly rates shall be available to the Owner at mutually convenient times.

ARTICLE 12 SPECIAL TERMS AND CONDITIONS

Special terms and conditions that modify this Agreement are as follows:

2. One (1) visit to the site every two (2) weeks by the Architect over the duration of the Project.
3. Two (2) inspections for any portion of the Work to determine whether such portion of the Work is substantially complete in accordance with the requirements of the Contract Documents.
4. Two (2) inspections for any portion of the Work to determine final completion.

§ 4.3.4 If the services covered by this Agreement have not been completed within twenty-four (24) months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

PAGE 2

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and may be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, the preliminary estimate opinion of the probable Cost of the Work and updated estimate opinions of the probable Cost of the Work prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work or from any estimate opinion of the probable Cost of the Work or evaluation prepared or agreed to by the Architect.

§ 6.3 In preparing estimate opinions of the probable Cost of Work, the Architect shall be permitted to include contingencies for design, bidding and price escalation; to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents; to make reasonable adjustments in the program and scope of the Project; and to include in the Contract Documents alternate bids as may be necessary to adjust the estimate opinion of the probable Cost of the Work to meet the Owner's budget for the Cost of the Work. The Architect's estimate opinion of the probable Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requests detailed cost estimating services, the Architect shall provide such services as an Additional Service under Article 4.

PAGE 3

§ 6.5 If at any time the Architect's estimate opinion of the probable Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 7.3 Upon execution of this Agreement, the Architect grants to the Owner an irrevocable, nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations, including prompt payment of all sums when due, under this Agreement. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to this Agreement in accordance with the requirements of the method of binding dispute resolution selected in this Agreement within the period specified by applicable law, but in any case not more than fifteen (15) years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect’s services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. Owner and Architect shall make all reasonable efforts to agree upon a procedure for mediation. Mediation shall be subject to the provisions of Chapter 679C of the Code of Iowa (2013). A request for mediation shall be made in writing, delivered to the other party to the Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 8.3 ARBITRATION
§ 8.3.1 If the parties have selected arbitration as the method for binding dispute resolution in this Agreement, any claim, dispute or other matter in question arising out of or related to this Agreement subject to, but not resolved by, mediation shall be subject to arbitration, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A demand for arbitration shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the arbitration.

§ 8.3.2 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based upon the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For purposes of this section, a demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based upon the claim, dispute or other matter in question.

§ 8.3.3 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by the parties to this Agreement shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.

§ 8.3.4 The award rendered by the arbitrator(s) shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 8.3.5 CONSOLIDATION OR JUNCTURE
§ 8.3.5.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any arbitration to which it is a party provided that such arbitration meets the arbitration —
permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrators.

§ 8.3.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in an arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim dispute another matter in question not described in the written consent.

§ 8.3.4.3 The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section § 3, whether by joinder or consolidating, the same rights of joint and common interest as the Owner and Architect under this Agreement.

PAGE 14

§ 9.6 In the event of termination not the fault of the Architect, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due and all Termination Expenses as defined in Section 9.7, due.

§ 9.7 Termination Expenses are in addition to compensation for the Architect's services and include expenses directly attributable to termination for which the Architect is not otherwise compensated, plus an amount for the Architect's anticipated profit on the value of the services not performed by the Architect.

§ 9.8 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 11.9.

§ 9.7 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of the Agreement are set forth in Article 7 and Section 11.9.

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, except that if the parties have elected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8 & 3, located.

PAGE 15

§ 10.8 If the Architect or Owner receives information specifically designated by the other party as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except to (1) its employees, (2) those who need to know the content of such information in order to perform services or construction solely and exclusively for the Project, or (3) its consultants and contractors whose contracts include similar restrictions on the use of confidential information, information or legal or regulatory compliance.

ADDITION TO AIA B101 C 2007 OWNER-ARCHITECT AGREEMENT

1. Conflicting Terms

Should any conflict exist between the terms of the AIA B101-2007 Agreement between the Owner and Architect and this Addendum, the terms of this Addendum shall prevail. The Agreement between the parties consists of the standard form AIA B101-2007, as modified by the parties and this Addendum.

2. Standard of Care and Quality.

Architect's services under this Agreement shall be performed in conformance with the standards of care and quality practiced by design professionals experienced with projects similar to the Project. Any designs, drawings or specifications prepared or furnished by Architect that contain errors, conflicts or omissions, or which do not endeavor to comply with applicable building codes, will be promptly corrected by Architect at no additional cost to Owner. Owner's approval, acceptance, use of or payment for all or any part of Architect's services shall in no way alter Architect's obligations or Owner's rights hereunder.

3. Quality of Documents.

Architect agrees that all Drawings and Specifications and other documents prepared by Architect for the Project which are utilized by Owner and/or Owner's contractor or contractors, shall be reasonably accurate and complete in conformance with the standard of care for construction documents. Architect shall notify Owner in a prompt and timely manner of any discovered discrepancies, inconsistencies or missing information necessary to provide reasonably accurate and complete documents.

4. Coordination of Services.

Architect shall be fully responsible for coordinating all Architect's Basic and Additional Services required under this Agreement regardless of whether performed by Architect's own employees or by consultants hired by Architect to perform a portion of its services ("Consultants"). The purpose of such coordination is to meet the milestones of the mutually agreed upon schedule in a reasonably efficient and timely manner. Architect shall be responsible to Owner for the services furnished to Architect by any Consultant to the same extent as if Architect had furnished the service itself. Architect also agrees to coordinate, and resolve any inconsistencies between its services and the services of Consultant.
All of Architect's contracts with Consultants shall be in writing, signed by both parties, and shall include the following provision: "The Owner is intended to be a third party beneficiary of this agreement"

5. Compliance With Laws.

Architect shall provide a design which when constructed in accordance with the Contract Documents will endeavor to comply with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, orders or other legal requirements, including but not limited to all zoning, restrictions or requirements of record, building, occupancy, environmental, disabled persons accessibility and land use laws, requirements, regulations and ordinances relating to the construction, use and occupancy of the Project (collectively "Governmental Requirements") existing on the date of this Agreement and which may be enacted prior to Owner's approval of completed Construction Documents. Architect shall use all best efforts to avoid incorporating into the Project design, elements that would give rise to code interpretation questions and to discuss in advance all such situations with Owner.

As a part of its Basic Services under this agreement, Architect shall comply with all Owner requests for service resulting from the requirements of Iowa Law, including but not limited to the Iowa Construction Bidding Procedures Act (Chapter 26, Code of Iowa), the Iowa Open Records Law (Chapter 22, Code of Iowa) and any audit or re-audit conducted by the Auditor of State.

6. Compliance With Owner/Lender Requests.

To the extent applicable, Owner may have to comply with Lender requirements, including requirements for the issuance of bonds, the parties acknowledge that Owner's approvals and other actions regarding Architect's services may be affected by Lender requirements.

Architect shall comply with all reasonable requests by Owner or the Lender for reports, certificates, statements and further services which are not inconsistent with the terms and conditions of this Agreement at no additional cost to the Owner.

Architect shall not design, specify or incorporate in the Drawings or Specifications for the Project, and shall not approve any shop drawings specifying any Hazardous Materials, in such manner as would violate the requirements of all existing laws, ordinances, codes, rules and regulations, orders and decisions of all government
authorities having jurisdiction over the Site, the Work or any part of either, or would cause substantial damage or a risk of substantial damage to the environment, or in such a manner as to leave any residue which could be hazardous to persons or property or cause liability to Owner.

For purposes of this Agreement the term "Hazardous Materials" shall include, but shall not be limited to, substances currently defined as "hazardous substances" or "toxic substances" in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended 42 U.S.C. Sec. 9061 et seq, Hazardous Materials Transportation Act, 49 U.S.C. Sec. 1802, the Resource Conservation Act and Recovery Act, 42 U.S.C. Sec. 6910 et seq., and all other federal, state, and local environmental laws, rules and regulations as all of the above may be amended from time to time.

8. Notification of Matters Material to Timely Completion.

Architect shall promptly advise Owner of any matters which come to the Architect's attention that may cause a delay in the completion of the Project, or any portion thereof, or in the performance of Architect's services. Architect acknowledges that time is of the essence in this Agreement.

9. Owner's Review of Applications for Payment

Promptly upon receipt, Owner shall review Architect's Applications for Payment. If Owner disputes in good faith all or any portion of any statement, Owner shall notify Architect within thirty (30) days of receipt of the disputed statement. Such notification shall clearly indicate that portion of the statement which Owner disputes or for which Owner claims a setoff and shall include a reasonably detailed explanation of the reasons for disputing such portion or for the setoff respectively. Any statement or portion of a statement not disputed by Owner in the manner and within the time period set forth above shall be paid by Owner within thirty (30) days of receipt; provided, that such payment shall not act as Owner's waiver of any claims that may be asserted against Architect for the performance of defective or deficient services.

Owner shall not be required to make payment to Architect on account of any amount disputed in good faith by Owner in the manner and within the time period set forth above until the matter in dispute has been resolved by the parties. Any amount so disputed shall not be deemed to be an amount due Architect under this Agreement until the matter is so resolved by the partiesthe. If the resolution of the matter indicates that Architect is entitled to be paid all or any portion of such disputed amount, then such amount to be paid to Architect shall be due and payable within ten (10) days.
after resolution of the matter.

11. No Charge for Travel Time.

Unless otherwise agreed to in writing by Owner, there shall be no charge by Architect for time spent in travel.

12. Written Consent for Additional Services.

Architect shall not perform or be reimbursed for any Additional Services unless Owner expressly authorizes same in writing prior to Architect commencing such Additional Service. Owner agrees to put any such authorization in writing in a timely manner.

Architect shall protect, defend, indemnify, and hold harmless Owner from and against liabilities, damages, costs (including reasonable attorneys' fees) in the event that a claim or mechanic's lien is asserted by one of Architect's Consultants for non-payment by Architect to that Consultant upon the condition precedent that Owner has made payment to Architect on account of that Consultant's work.

Notwithstanding anything to the contrary contained in this Agreement, Owner's review and approval of any and all documents or other matters required herein shall be for the purpose of providing Architect with information as to Owner's objectives and goals with respect to the Project and not for the purpose of determining the accuracy and completeness of such documents, and in no way shall any such review and approval alter Architect's responsibilities hereunder and with respect to such documents.

15. Records Maintained on Generally Recognized Accounting Basis.

Records which provide the basis for Architect's compensation and Reimbursable Expenses relating to the Project and records of accounts between Owner and Architect shall be kept on a generally recognized cash accounting basis. Such records shall be reasonably available for audit, upon written request of Owner five business days in advance, by Owner or Owner's authorized representative, during normal business hours at Architect's principal place of business for a period of one year following completion of the Project.

16. Use of Drawings.

Owner is granted an irrevocable nonexclusive license to use the Drawings, Specifications and other documents prepared by Architect
for this Project and for future work at the property which is the site of the Project, but not at any other location. Architect shall not use or allow to be used the Drawings, Specifications and reports or the unique design aspects of this Project for any other project, without the prior written approval of Owner. Architect may re-use standard specification texts and detailse

17. **Insurance Coverages.**

Architect shall procure and maintain in effect during the term of this Agreement the insurance coverages described below, which insurance shall be placed with insurance companies authorized to do business in the State of Iowa and rated A minus VII or better by the current edition of Bestès Key Rating Guide or otherwise approved by Owner.

A. Professional Liability Errors and Omissions Insurance, including contractual liability coverage, with limits of not less than $2,000,000 per claim and not less than $2,000,000 in the aggregate Architect shall maintain this coverage in effect during the term of this Agreement and for two (2) years from and after the Date of Substantial Completion; and,

B. Workeres Compensation Insurance with statutory benefits and limits which shall fully comply with all State and Federal requirements and contain Broad Form All States and Voluntary Compensation Endorsements and have limits not less than $500,000 per accident, $500,000 per disease and $500,000 policy limit on disease; and,

C. Comprehensive Automobile Liability Insurance with limits not less than $1,000,000 per occurrence per claim and not less than $2,000,000 in the aggregate for bodily injury and property damage; and,

D. Commercial General Liability Insurance. A broad form Commercial General Liability Insurance Policy including, without limitation, a waiver of subrogation endorsement in favor of the additional insureds, and appropriate endorsements adding the following coverages: Premises and Operations Liability; Explosion, Collapse and Underground Damage Liability; Personal Injury Liability (with employee and contractual exclusions deleted); Broad Form Property Damage Liability; Broad Form Contractual Liability supporting Architect's indemnification agreements in favor of the additional insureds; Independent Contractor's Protective Liability; Completed Operations and Products Liability for a period of not less than two (2) years following the date of final payment for all services provided under this Agreement, if insurance is available and affordable. (If Architect believes that such insurance is not
available or affordable, Architect shall promptly notify Owner, and the parties shall agree upon alternate insurance coverages.) The Commercial General Liability Insurance Policy must be written with a combined single limit of liability of not less than $1,000,000 for each occurrence of bodily injury and/or property damage and an annual aggregate of liability of not less than $1,000,000 for bodily injury and/or property damage, and an annual aggregate of liability of not less than $1,000,000 for Completed Operations and Products Liability.

Architect agrees to require Consultants to comply with the insurance provisions required of Architect pursuant to this Agreement unless Architect and Owner mutually agree to modify these requirements for Consultants whose work is of relatively small scope. Architect agrees that it will contractually obligate its Consultants to advise Architect promptly of any changes or lapses of the requisite insurance coverages and Architect agrees to promptly advise Owner of any such notices Architect receives from its Consultants. Architect agrees that it will contractually obligate its Consultants to indemnify and hold harmless Owner to the same extent that Architect is required to do so as provided in this Agreement. Architect assumes all responsibility for monitoring Consultant contracts and insurance certificates for compliance with the insurance and other provisions of this Agreement until final completion of the Project.

19. Additional Insurance Requirements.

Architect shall not make changes in or allow the required insurance coverages to lapse without notice to Owner in advance. All policies for insurance must be endorsed to contain a provision giving Owner a thirty (30) day prior written notice by certified mail of any cancellation of that policy.

Should a notice of cancellation be issued for non-payment of premiums or any part thereof, or should Architect fail to provide and maintain certificates as set forth herein, Owner shall have the right, but shall not the obligation, to pay such premium to the insurance company or to obtain such coverage and to deduct such payment from any sums that may be due or become due to Architect, or to seek reimbursement for said payments from Architect. Any sums paid by Owner shall be due and payable immediately by Architect upon notice from Owner. Receipt and review by Owner of any copies of insurance policies or insurance certificates shall not relieve Architect of the obligation to comply with the insurance provisions of this Agreement. The insurance provisions of this Agreement shall not be construed as a limitation on Architect's responsibilities and liabilities pursuant to the terms and conditions of this Agreement.
All liability policies which include the Owner as an additional insured shall include a Governmental Immunities Endorsement pursuant to Chapter 670e4 of the Iowa Code, which endorsement shall include the following provisions:

a. Nonwaiver of Government Immunity - The insurance carrier expressly agrees and states that the purchase of this policy and including the Owner as an Additional Insured does not waive any of any defenses of governmental immunity available to the Owner under Section 670e4 of the Code of Iowa (2013) as it may be amended from time to time, notwithstanding the provisions of Section 670e7 of the Code of Iowa.

20. Owner's Suspension of Architect's Services

Upon written notice to Architect, Owner may order that Architect suspend all or any part of the services provided under this Agreement. Owner shall pay Architect all monies otherwise due hereunder to the date of the suspension plus all out-of-pocket expenses directly related to such suspension. Owner shall not have any obligation to pay or reimburse Architect for lost profits and/or unabsorbed overhead or any other consequential or incidental damages. If the Project is suspended for more than six (6) months, and then resumed, Architect shall be compensated for reasonable costs of re-familiarizing the Architect with the Project.

Owner may terminate this Agreement for the convenience of Owner, upon seven (7) days advance written notice to Architect, in which case Owner shall pay Architect for all monies otherwise due hereunder to the date of termination plus all out-of-pocket expenses directly related to the termination, but Owner shall have no obligation to pay or reimburse Architect for lost profits or unabsorbed overhead, or any other consequential or incidental damages.

22. Delivery by Architect of Completed and In-Progress Documents

In the event of suspension or termination for convenience, upon request of Owner and payment of all fees pursuant to the prior two paragraphs, Architect shall promptly provide Owner with reproducible drawings and computer tapes or disks of all documents completed or in progress on the date of termination. Architect shall not be reimbursed for reproduction costs associated with maintaining or storing Drawings, Specifications, or computer tapes or disks for his own use.

23. Termination for Cause.
In the event that Architect fails to perform in accordance with the terms and conditions of this Agreement, Owner may terminate this Agreement by sending a Notice of Termination which shall be effective seven (7) days after its date of transmittal if Architect does not cure such default within the seven days.

In the event of termination for cause by Owner, Architect shall be entitled to be compensated for all services performed prior to receipt of written notice from Owner of such termination, together with Reimbursable Expenses incurred, up to the effective date of the termination.

In no event shall Architect be entitled to receive termination expenses, unabsorbed overhead or lost profit or any other incidental or consequential damages if terminated for cause. If Owner terminated this Agreement for cause, and the termination is later found or agreed to have been improper then the termination will be construed as a termination for convenience pursuant to paragraph 21 hereof.

To the fullest extent permitted by law, Architect shall hold harmless and indemnify Owner from and against liabilities, damages, costs (including, without limitation, injury to or death of any persons and damage to property, and reasonable attorney’s fees) asserted by third parties against Owner arising out of negligent acts, errors or omissions by Architect, any Consultant, anyone employed by any of them or anyone for whose acts any of them may be liable. However, Architect shall not be required to indemnify Owner from the consequences of Owner’s own negligence.

Paragraph 8.1.3 of B 101 is hereby deleted.

25e Dispute Resolution

All claims, disputes and other matters in question (hereinafter referred to as a "Controversy") between the parties to this Agreement arising out of or relating to this Agreement or the breach thereof shall be initially submitted to mediation by a mutually agreeable mediation firm. If the mediation process has not resolved the Controversy within sixty (60) days of the submission of the matter to mediation, the Controversy may be submitted to a court of competent jurisdiction within the time provided by law but not more than 15 years.

Any dispute resolution action, including an action in a court of competent jurisdiction between or among the Owner and Architect or any of Architect’s Consultants may be consolidated with any action between the Owner and Contractor involving overlapping issues of fact.
or law.

In the event of any Controversy between Owner and Architect under this Agreement, including but not limited to, whether or not any services Owner expects Architect to perform are within the scope of Basic Services or any dispute as to whether or not Architect is entitled to additional compensation for any Work requested, Architect shall continue to proceed diligently with the performance of services under this Agreement pending resolution of the dispute, and Owner agrees to pay Architect in accordance with this Agreement for all services rendered by Architect which are not the subject of the Controversy.

27. Waiver.

No consent or waiver by Owner or Architect shall be effective unless it is in writing and then only to the extent specifically stated. Failure on the part of any party to this Agreement to enforce any act or failure to act of the other party or to declare the other party in default hereunder, irrespective of how long such failure continues, shall not constitute a waiver of the rights of such party hereunder.

The laws of the State of Iowa shall govern this Agreement and all Controversies arising hereunder.

All mediation regarding this Agreement and any court proceedings relating to Controversies arising hereunder shall take place in Iowa City, Johnson County, Iowa.

Dear Board of Education

On behalf of SVPA Architects Inc., we would like to thank you for the ongoing opportunity to work with the Iowa City Community School District. We are pleased to submit this proposal for architectural and engineering services for the proposed building additions and renovations at North Central Junior High School, located at 180 E Forevergreen Rd. in North Liberty, Iowa. We value the working relationship we have developed with the Iowa City School District, and look forward to providing client-focused professional design services.

PROJECT SCOPE

North Central Junior High School is a high-performance school located in North Liberty. This attendance center opened its doors in the fall of 2006. The efficient and sustainable building contains approximately 83,000 SF and serves approximately 550 students. We understand that the Iowa City Community School District intends to construct several building improvements at North Central Junior High including, but not limited to the following:

- (10) Classroom building addition
- New Auxiliary Gymnasium Addition
- Media Center expansion & renovation
- Expansion & improvement to mechanical/electrical
- Wrestling Room expansion
- Food Service/Cafeteria improvements
- Site Work improvements for expansion
- Miscellaneous envelope & interior work

The design phase for the project will commence in December of 2017 and Construction Documents shall be completed to allow for bidding and a construction start in August of 2018. Construction is scheduled to be complete by July 31, 2019.

PROJECT BUDGET

We understand that the overall budget for this project is $111,103,176 which includes all hard and soft costs. The estimated Total Cost of Construction for the project is $9,018,555.

SCOPE OF SERVICES

SVPA Architects Inc. proposes to provide complete basic services including; Schematic Design, Design Development, Construction Documents, Bidding/Negotiation, and Construction Administration phases for the architectural, interior design, civil engineering, landscape architecture, structural engineering, mechanical/electrical engineering, and food service equipment consulting scope of work for the project described herein. The following is a list of design services and the consultants that are proposed for inclusion in our prime Agreement for complete Basic Services with the Owner:
SVPA Architects Inc. proposes to establish Basic Compensation for the design services listed above based on a percentage of the Total Cost of Construction for the project. For this project, we propose a fee of \( 6.21\% \). Based on the estimated $9,018,555 Total Cost of Construction, this would equate to a fixed fee of $560,000. Once the project has reached the conclusion of the Design Development (DD) Phase and the District has received their estimate of probable construction cost from the independent cost estimating firm, we would propose to establish a lump sum fixed fee based on \( 6.21\% \) of the approved DD phase cost estimate. Should the final Total Cost of Construction be within plus or minus 10\% of the DD Phase estimate, the fee shall remain fixed for the remainder of the project. In the event that the project scope changes by more than 10\% between DD and the Construction Phase, we will amend the fee structure to \( 6.21\% \) of the actual Total Cost of Construction. The Total Cost of Construction shall include site development costs, demolition, renovation costs, general building core & shell construction, interior finishes, and mechanical, electrical, plumbing and technology costs. Fixtures, furnishings and equipment designed or specified by the SVPA Architects team shall also be included in the Total Cost of Construction. Based on the scope of work and budget assumptions listed above the breakdown of the total fees per design phase will be as follows:
