

Work Activity #2

Table Number _____

Instructions: You have \$100 to earmark toward facilities in the Iowa City Community School District. Your table must come to a consensus on how best to allocate these funds towards the needs and issues facing the district. Please fill out the table below, indicating the amount of your allocation according to the discussion at your table. You are not required to set aside an earmark for each item, but you must spend all \$100.
