**SUBJ:** Miscellaneous Small Projects – Professional Services Agreement, Amendment 1

On March 15<sup>th</sup> of 2013, the Board approved a contract with Shive-Hattery for the design work of several small projects. The attached agreement is an amendment to that previously approved contract. The design work for TREC will include the design of a ventilation system which is similar to that being done for Lincoln Elementary and also includes design work for an interior set of doors and hardware that will help facilitate the student programs at the Theodore Roosevelt Education Center. Once approved it will increase the maximum contract amount from \$15,000 to \$20,000. Recommend approval.
