- FEEDBACK
 - "Common Themes"
 - "Retiring Building (general)": 12 tables (representing approximately 120 people) made statements in support of retiring building; 14 tables (representing approximately 140 people) made statements against retiring buildings
 - "Parking Garage": 2 tables (representing approximately 20 people) made statements in support of a new parking garage at City High; 7 tables (representing approximately 70 people) made statements against a parking garage at City High
 - "Retiring Hoover": 11 tables (representing approximately 110 people) made statements in support of retiring Hoover; 4 tables (representing approximately 40 people) made statements opposing retiring Hoover.
- BLDD used feedback to revise Scenarios 1c and 3c

Steering Committee Meeting #6 - BLDD presented Steering Committee with:

- The same basic 4 K-12 Scenarios presented to the Community (Scenarios 2 and 4 were exactly the same), however Scenarios 1 and 3 were revised as follows:
 - Scenario 1 - the Parking Garage was removed from the City site; Hoover was retired to provide the additional site space necessary for City High expansion
 - Scenario 3 - rather than retire Lincoln, an addition was created (if sufficient land was available) and Hoover was retired instead; Longfellow received historical restoration/renovation
 - Therefore 4 Scenarios retired buildings
 - "Scenario 1d" retired Hoover
 - "Scenario 2c" retired Hills
 - "Scenario 3d" retired Hills, Hoover; Mann and Longfellow received historical restoration/renovation
 - "Scenario 4c" retired Hills, Hoover, Lincoln; Mann and Longfellow received historical restoration/renovation
- The Steering Committee voted to make all final revisions to be presented to the Board of Education, selecting revised Scenarios 1d and 4c, which become FMPSC A and FMPSC B

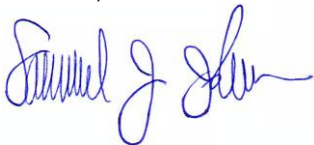

July 10, 2013 Board of Education Meeting

- Representatives of the Steering Committee Recommend FMPSC A and FMPSC B to the ICCSD

I think/hope this presents the logic for the decisions that were made. Let me know if you have any questions!

Sincerely,
